These policies do not create any contract right, nor any express or implied contract of employment.

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020

POLICY TITLE: Catastrophic Leave Policy

POLICY NUMBER: C-100

Purpose

The purpose of this policy is to establish a program allowing District employees to donate accrued sick, vacation, administrative or compensatory time to other eligible employees that are suffering from a catastrophic illness or injury either to themselves, a spouse, registered domestic partner, parent or to a child, or employees experiencing severe hardship resulting from a major disaster.

Definition

Catastrophic Leave is paid leave donated to an employee due to:

1. An employee's serious health condition as defined under the District's Family Medical Leave Policy, and/or life threatening verifiable long-term illness or injury such as, but not limited to, cancer or a heart attack, which clearly disables the individual and puts a financial hardship on the employee.
2. The illness or injury of the employee's spouse, registered domestic partner, parent, or child requiring the employee's care, and that results in the employee being absent for more than twenty (20) consecutive work days and results in financial hardship on the employee.
3. A major disaster declared by the President of the United States if the disaster has caused severe hardship to an employee or a spouse, registered domestic partner, parent or child of the employee that requires the employee to be absent from work, and which puts financial hardship on the employee.

Policy

1. All regular employees of the Marin/Sonoma Mosquito and Vector Control District who have successfully completed 1 (one) year of paid work status in a full-time or part-time permanent position shall be eligible for Catastrophic Leave due to their own serious illness or injury, in order to care for a spouse, registered domestic partner, child or parent with a serious illness or injury, or to deal with severe hardship resulting from a major disaster.
2. The employee must first exhaust all accrued sick leave, vacation leave and compensatory time before qualifying for Catastrophic Leave.
3. Catastrophic Leave shall be additional paid leave available from vacation, compensatory or administrative leave, and sick leave hours donated by other District employees to a specific qualified employee.
4. Employees donating sick leave, vacation compensatory or administrative leave must donate in increments of whole hours. The donating employee must have a vacation leave balance of at least 40 (forty) hours, or a sick leave balance of at least 40 (forty) hours remaining after the donation of vacation or sick leave. Employees may donate all of their accrued compensatory time or administration leave. Donated hours shall be transferred as used.
5. An employee requesting Catastrophic Leave must receive the approval of the District Manager. Such leave may initially be approved up to a maximum of 320 (three hundred and twenty) donated hours (approximately 2 months). If the catastrophic illness or injury continues, additional hours up to 320 (three hundred and twenty) donated hours may be recommended and approved in the following two (2) month period. The maximum hours donated will be

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

prorated for eligible part-time employees in permanent positions. The amount of leave that may be donated by a leave donor in any year generally will not exceed the maximum amount of leave that an employee normally accrues during the year.

6. The Family Medical Leave Act (FMLA) may be used in this type of illness or injury situation and will be reviewed on an individual basis to see how the FMLA would apply.
7. The District's Financial Manager or designee shall account for the donation and disbursement of Catastrophic Leave hours. All time donated will be credited on an hour for hour basis regardless of hourly pay differentials between donating employee and recipient.
8. Catastrophic Leave may be used in conjunction with SDI/PFL benefits upon exhaustion of FMLA/CFRA/PDL qualifying leaves. Catastrophic Leave shall not be used in conjunction with Workers Compensation Leave.
9. In the event of a major disaster, employee leave donations will be deposited in a leave bank for use by employees who have been adversely affected by a specific major disaster. Leave donors may not deposit leave for transfer to a specific leave recipient. Each leave recipient must use the leave for purposes related to the major disaster. The District will make a reasonable determination, based on need, as to how much leave each approved leave recipient may receive under the plan. The District shall adopt a reasonable limit, based on the severity of the disaster, on the period of time after the major disaster occurs during which a leave donor may deposit the leave in the leave bank, and a leave recipient must use the leave received from the leave bank.

Leave deposited on account of one major disaster may be used only for employees affected by that major disaster. Except for an amount so small as to make accounting for it unreasonable or administratively impracticable, any leave deposited under a major disaster leave-sharing plan that is not used by leave recipients by the end of the period specified by the District, must be returned within a reasonable period of time to the leave donors (or, at the employer's option, to those leave donors who are still employed by the employer) so that the donor will be able to use the leave. The amount of leave returned to each leave donor must be in the same proportion as the amount of leave donated by the leave donor bears to the total amount of leave donated on account of that major disaster.

Catastrophic Leave Policy

POLICY TITLE: Cell Phone/Radio Use Policy

POLICY NUMBER: C-200

Policy

The District requires all employees who use a cell phone or radio in a District vehicle to do so in a safe manner and in accordance with State and Federal Laws. This policy expresses to all employees that cell phone calls are distracting. Any distraction can cause one to lose focus on current surroundings and increase the chances of an accident occurring. Violation of this policy may result in disciplinary action.

General Policy on the Use of District Cell Phones

1. The District provides a District cell phone to each employee required to have one for business reasons, including the need to contact the employee in the field and during work-related emergencies. The District will pay the all costs involved in the use of the cell phone connected to District business. All employees issued a District cell phone shall use such devices in a responsible, appropriate and safe manner. All employees assigned communications equipment shall assume the responsibility to use the equipment in accordance with the provisions of these policies.

Alternatively, the District Manager or designee may authorize an employee to use their personal cell phone for District business. Where such regular use is authorized by the District Manager or designee, the employee shall receive a monthly cell phone stipend of thirty dollars (\$30) per month to cover business-related costs incurred when using their personal cell phones.

Non-exempt employees may not use District cell phones, District electronic devices or personal cell phones for District business while off duty, except as authorized in advance by a supervisor. If a non-exempt employee uses a District cell phone, District electronic device or personal cell phone for District business while off duty, the employee is required to report the time as time worked on their time sheet.

2. The District provides hands free equipment for use with the cell phone.
3. As with other District equipment, employees have no expectation of privacy in District-issued cell phones or the data contained therein. For these purposes, data includes, but is not limited to, text messages, e-mails and call history. Communications and data usage on the cell phone will be monitored, and the District may inspect data contained in the cell phone at any time and without notice to the employee.
4. Employees shall protect District telecommunications devices from loss or damage. If such a device is damaged, fails to work properly, or is stolen or lost, the employee shall immediately notify his or her supervisor.
5. District cell phones should only be used by District employees in the performance of their official duties. Personal use of District cell phones is prohibited, except: where specifically authorized by the District Manager or Assistant Manager; brief, urgent communication from immediate family members or caregivers; or in the case of an emergency when urgent communication is required.

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

6. Employees must acquaint themselves with the rate plan that applies to their cell phone and use their best efforts to make the most economical and cost efficient use of the cell phone.
7. Because cell phones have additional “air time” and possible other charges, employees are expected to use a wired landline telephone when available. Employees may make calls from District cell phones only when the call cannot be made at any other time with a provided landline telephone.
8. Each month, cell phone bills will be monitored and any excessive or non-authorized use of District cell phones will be addressed. Employees are subject to discipline for excessive or non-authorized use of District cell phones.
9. Employees are prohibited from using the camera function on District cell phones, except for legitimate business purposes as authorized by a supervisor for work-related purposes.

Use of Personal Cell Phones On Work Time Prohibited

Unless an employee is authorized by the District Manager or designee to use a personal cell phone or other personal communication technology (e.g., smart watch) for District business, the cell phone provided by the District is the only cell phone that an employee can have on his or her person while on District work time and/or business.

Employees are not allowed to use a personal cell phone during business hours/duty time. Personal cell phone use is only permitted during rest and meal breaks, and in the event of an emergency.

Use of District or Personal Cell Phone and Radios While Operating a Vehicle in the Course and Scope of Employment

1. Safety Requirements
 - a. Pursuant to California law and in the interest of safety, District employees are prohibited from using cell phones while driving within the course and scope of employment, except for with hands-free equipment.
 - b. If an employee’s job duties require the employee to keep his or her cell phone turned on while driving, they must use a hands-free device and safely pull off the road before taking a phone call.
 - c. Employees often receive service calls on their cell phones or radios while operating a vehicle. When receiving a radio/phone call, employees may only answer, via hands free device, if it is safe to do so and only to briefly respond and end the call. When answering, the employee must inform the caller that they are driving, and inform the caller that the call will be returned. When safe, the employee should pull over to a safe area and contact the caller to complete the call. In the alternative, employees may ask the caller to call you back after a time period sufficient to find a safe place to stop the vehicle. Do not attempt to write down a phone number while driving.
 - d. Under no circumstances should employees compose, send or read text messages, e-mails or instant messages while operating a motor vehicle in the performance of their job duties for the District.
 - e. Employees should be aware of the features of their cell phone and/or radio so as to minimize the time spent looking at the device while driving.

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

- f. Employees must keep their cell phone and/or radio within easy reach to ensure that it can be answered if necessary.

2. Emergency Procedures

Pursuant to the California Vehicle Code, employees may use a cell phone (without a hands free device) while driving in the course and scope of their employment with the District for emergency purposes, including, but not limited to, an emergency call to a law enforcement agency, health care provider, fire department, or other emergency services agency or entity.

Penalty for Misuse of Cell Phones and Radios Under this Policy

For violations of this policy, the following progressive discipline will be followed:

1. First offense: An oral reprimand issued.
2. Second offense: A written reprimand issued.
3. Third offense: Suspension without pay.
4. Fourth offense: Termination.

The District reserves the right to apply higher levels of discipline for first, second and third offenses of a serious nature (e.g., violation of the hands-free requirement, and cell phone or radio use resulting in vehicle accidents or law enforcement citations).

POLICY TITLE: Disaster Plan and Disaster Service Workers

POLICY NUMBER: D-100

Purpose

The purpose of this plan is to provide for the preparation and implementation of plans to provide services within this District in the event of an emergency, to empower certain District officials to promulgate orders and regulations necessary to provide for the protection of life and property or to preserve public order and safety, and to provide for the coordination of the emergency service functions of this District with all other public agencies and affected private persons, corporations, and organizations.

Emergency Defined

As used in this chapter, “local emergency” or “emergency” means the actual or threatened existence of conditions of disaster or of extreme peril to the safety of persons and property within the District caused by such conditions as air pollution, fire, flood, storm, tsunami, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor’s warning of an earthquake or volcanic eruption, riot, pandemic, or other conditions, except those resulting from a labor controversy, which are, or are likely to be, beyond the control of the services, personnel, equipment and facilities of the District, and the control of which requires the combined forces of this District with other political subdivisions.

Authorization of Emergency Plan

The President of the Board of Trustees, who shall be chairperson, shall activate the District’s disaster plan upon the direction of the District Board of Trustees. The Chairperson is empowered to review, and recommend for adoption by the District Board of Trustees, emergency and mutual aid plans and agreements and such ordinances, resolutions, rules, and regulations as are necessary to implement these plans and agreements, and to perform such other functions as may be designated in the emergency operations plan.

Emergency Operations Plan

The District Board of Trustees shall adopt an emergency operations plan. The plan shall provide for the effective mobilization of all of the resources of the District, both public and private, to meet any condition constituting a local emergency, state of emergency, or state of war emergency as those terms are defined in this chapter or by state law. The District Board of Trustees shall periodically review the plan to ensure the maximum effectiveness of the plan. The plan shall be considered supplementary to this chapter, but shall have the effect of law whenever an emergency, as provided in this chapter, has been proclaimed.

Director and Assistant Director of Emergency Services—Powers and Duties.

The Director of Emergency Services, who shall be the District Manager, shall have the following powers and duties:

1. Request the District Board of Trustees proclaim the existence or threatened existence of a local emergency, and the termination thereof, if the Board is in session. The District Manager may issue such a proclamation if the Board is not in session, and in such event, the District Board of Trustees shall take action to ratify the proclamation at the earliest practicable time, but in no event more than seven days after issuance of the proclamation;

6. Authorize the payment of overtime compensation to disaster service workers;
7. Represent the emergency organization of the District in all dealings with public or private agencies pertaining to emergencies as defined in this chapter;

All officers and employees of this District, together with those volunteer forces enrolled to aid them during an emergency, and all groups, organizations, and persons who may by agreement or operation of law be charged with duties incident to the protection of life and property in this District during an emergency, shall constitute the Emergency Organization of the District.

Disaster Service Workers

Under Section 3100 of the California Government Code, all public employees in California are Disaster Service Workers who can be called upon in any emergency. This means that District employees have a responsibility to help in a disaster. During an emergency or disaster, the District may assign employees to perform disaster service work, which may be outside the employee's normal scope of duties and regular work schedule. Employees may also be required to perform their usual duties at a different location or during different or additional hours, and/or to support emergency operations in the County's Emergency Operations Center (EOC).

All District employees, except foreign nationals, are required to take the loyalty oath/affirmation provided by the District, as set forth in the Constitution of California.

Employees are required to fulfill disaster service worker training, as assigned.

When working in the role as a Disaster Service Worker, employees are required to keep detailed records of assignments, time worked, and any reimbursable expenses such as travel expenses. Employees should remain in close communication with their assigned Disaster Service Manager.

Reporting Requirements of District Employees.

Upon the assignment of District Employees to their disaster service assignment, employees must contact by telephone and/or email as soon as practical before the start of their scheduled shifts the District Manager and advise why they are unable to report to work and when they expect to be able to report to work. After the initial report, the employee shall update every 24 hours the District Manager regarding their inability to report to work. The employee must receive authorization from the District Manager for absences. The District Manager will authorize absences for an employee to take care of

If any section, subsection, sentence, clause or phrase of this policy is, for any reason, held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this policy.

If the charges against the employee are substantiated by the investigation, appropriate disciplinary action may be taken in accordance with these procedures.

Types of Progressive Discipline

Supervisor's File Memo

A supervisor's file memo may be provided to an employee to identify a failure of appropriate conduct or performance issue; to explain the performance the employee is required to demonstrate in the future; and to explain consequences for failure to correct the behavior or problem. A supervisor's file memo will be retained in the supervisor's file until the completion of the evaluation year, and then documented in the performance evaluation, as the supervisor deems necessary. A supervisor's file memo is not subject to the discipline or discipline appeal procedures described below.

Oral Reprimand

This is an oral admonishment which alerts the employee to an area of concern. The oral reprimand may be confirmed by a written memorandum, but the memorandum will not be placed in the employee's personnel file. An oral reprimand is not subject to the discipline or discipline appeal procedures described below.

Written Reprimand

A supervisor may reprimand an employee by furnishing him/her with a written statement of the specific reasons to reprimand. A copy of the reprimand will be retained in the employee's personnel file, and may not be appealed. The employee has the right to have a written rebuttal attached to the reprimand in the employee's personnel file if the rebuttal is submitted to the District Manager within 10 working days of the date the reprimand was received.

Suspension Without Pay

The District Manager (or designee) may suspend an employee from paid status from his or her position for cause. Documents related to a suspension shall become part of the employee's personnel file when the discipline is final. An employee subject to suspension will receive prior written notice and the opportunity to appeal as provided in this policy. Employees who are exempt from Fair Labor Standards Act (FLSA) overtime will only be suspended as authorized by the FLSA. FLSA-exempt employees can only be suspended in the following circumstances: 1) for the entire FLSA-designated work week; 2) for one or more full days for violation of a written workplace conduct rule; or 3) for one or more full days for a major safety violation relating to the prevention of serious danger in the workplace or to other employees.

Demotion

The District Manager (or designee) may demote an employee from his or her position for cause. Documents related to a demotion may become part of the employee's personnel file when the discipline is final. An employee subject to demotion will receive prior written notice and the opportunity to appeal as provided in this policy.

Disciplinary Termination

The District Manager (or designee) may terminate an employee from his or her position for cause. Documents related to termination shall become part of an employee's personnel file when the discipline becomes final. A discharged employee is entitled to prior written notice and appeal as provided in this policy.

Oral and Written Reprimands

All reprimands will be accompanied by a letter of warning to the employee stating the reasons and grounds for such discipline. The employee must acknowledge receipt of the warning by signing the letter at the time of presentation; this signature signifies only receipt of the document, not necessarily agreement of the contents. The employee may, before the conclusion of the next regular working day, respond in writing to the contents of the letter of warning.

All negative evaluations or letters of reprimand shall remain part of the employee's personnel file. Negative evaluation shall not be used by the District Manager in decisions to dismiss if the performance or the action that merited a warning has not recurred, each/both within a period of at least one year.

Pre-Disciplinary Procedures for Suspension, Demotion or Disciplinary Termination of Regular Employees

Any proposed disciplinary action against a regular employee that may result in suspension without pay, demotion, reduction in pay or disciplinary termination shall be set forth in writing to the employee at least five working days before the proposed effective date or dates. This notice will be prepared by the District Manager after consultation with the District Counsel and will contain the following:

A description of the proposed action and its effective date or dates, and the ordinance, regulation, or rule violated;

1. The level of discipline intended to be imposed;
2. A statement of the acts or omissions upon which the action is based;
3. A description of the ordinance, regulation or rule(s) violated;
4. A statement that a copy of the materials upon which the action is based is attached or available for inspection upon request;
5. A statement advising the employee of the right to respond to the District Manager regarding the changes within five working days from the date of the Notice, either by requesting a conference, by providing a written response, or both;
6. A date by which time the employee must respond in writing if he/she wished to contest the action.

All notices of proposed action shall be personally served or be mailed by certified mail, return receipt requested, to the last known address of the employee.

An employee may, upon receipt of a notice of dismissal or disciplinary action, appeal in writing to the District Manager within five working days of the date of notification. Failure to respond by the time specified constitutes a waiver of the right to respond prior to final discipline being imposed.

The District Manager, upon receipt of the appeal, will schedule an informal meeting at which the employee may answer the charges against him/her, present any mitigating evidence, or otherwise respond to the notice of dismissal. The employee will be entitled to a representative of his or her choice during the meeting.

The hearing guidelines and format will be available upon request.

Procedures for Final Disciplinary Action and Disciplinary Termination of Regular Employees

The District Manager will issue his/her opinion and decision within ten working days of the hearing. If the District Manager finds that the dismissal was not justified, he/she may order a less severe disciplinary action, or may order the employee reinstated with full back pay and benefits.

The District Manager will prepare and provide the employee with a final notice that contains the following:

1. The level of discipline, if any, to be imposed and the effective date of the discipline;
2. The specific charges upon which the discipline is based;
3. A summary of the facts upon which the charges are based;
4. A copy of all written materials, reports, or documents upon which the discipline is based; and
5. A statement of the nature of the employee's right to appeal.

The final notice of discipline will be sent by a mail method that verifies delivery to the last known address of the employee, or delivered to the employee in person. If the notice is not deliverable because the employee has moved without notifying the District or the employee refuses to accept delivery, the effective date of discipline will be the date the post office or delivery service attempted delivery.

Post Disciplinary Appeal Procedures for Suspension Without Pay, Demotion and Disciplinary Termination of Regular Employees

If the employee is unsatisfied with the District Manager's decision, the employee may appeal the discipline or termination to the Board of Trustees panel by filing a notice of appeal with the District Manager within ten working days of the District Manager's decision.

The letter requesting a hearing before the Board panel must state the name of the employee, the date and nature of the decision appealed, the ground(s) of the appeal, and all specific facts or omissions upon which the appeal is made. This referral letter to the President as well as the written response from the District Manager will be the only information communicated to any Board member prior to the actual presentation to the Board panel.

Appeal to Board of Trustees Panel:

1. A Board panel, appointed by the Board of Trustees, consisting of three (3) Board of Trustee members, shall hear the appeal. The Board-appointed, three-person panel shall hold a hearing not later than sixty (60) days from the date of filing the appeal, unless otherwise agreed to by the parties.
2. The Panel shall issue an advisory decision within fourteen (14) days after the hearing has been completed and the briefs, if any, have been submitted.
3. Within thirty (30) working days of the Panel's advisory decision, the Board of Trustees will review the advisory decision and either adopt or reject that decision as a final decision on the discipline, to the extent permitted by the laws of the State. A Panel decision affirmed by the

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

Board is a final decision from the Board

4. The Board of Trustees shall send the final decision, along with a proof of service of mailing, to each of the parties and to each of the parties' representatives. Copies shall also be distributed to the District Manager.
5. Judicial review of any decision of the full Board may be had pursuant to Section 1094.5 of the California Code of Civil Procedure only if the petition for writ of mandate pursuant to such section is filed within the time limits specified in this section. Pursuant to Code of Civil Procedure 1094.6, any such petition will be filed not later than the ninetieth (90th) day following the date on which the Board of Trustees gives written notice of the final decision.

POLICY TITLE: **Driver's Eligibility for District's Insurance**

POLICY NUMBER: **D-300**

Purpose

Every employee of this District for whom driving on District business is a job requirement is required to (a) maintain a current California driver's license, (b) follow the by-laws set up by the District's insurance administrator - the Vector Control Joint Powers Agency (VCJPA), and (c) remain eligible for insurance coverage through the VCJPA.

Prior to hiring, the District will obtain an initial DMV report for every employee including full-time, part-time, temporary and seasonal.

The District will file each employee's name with the DMV's Driver Record Information Service, which will forward a copy of the report and any follow-up notifications to the District.

An employee who is ineligible for insurance coverage through the VCJPA and/or does not have a valid driver's license is prohibited from driving on District business.

The District reserves the right to determine an employee's eligibility to drive a District vehicle on District business. Employees are required to maintain a safe and careful driving record, and allow no more than three points as determined by the Department of Motor Vehicles to accumulate on his/her DMV report. The District reserves the right to revoke permission to drive a District vehicle or to drive on District business, and to take disciplinary action against an employee up to and including discharge for failure to meet minimum job requirements.

Driver's Eligibility for District's Insurance

POLICY TITLE: District Vehicles

POLICY NUMBER: D-400

Policy

This policy concerns the District's guidelines and conditions for the use of District-owned vehicles. It is the District's intention that all District officers be provided transportation for the necessary performance of their assigned duties, and will either have a vehicle available for their use, or be reimbursed for the use of their private vehicle when such use is authorized.

According to District policy and part of the contract agreement, the District Manager is provided full use of a District vehicle together with all maintenance, insurance, taxes and costs associated with its upkeep. Because he/she has the vehicle in fulfillment of District responsibilities, expenses associated with personal use shall be apportioned and reimbursed to the District.

Application

This policy applies to each District employee who regularly or occasionally is required to drive a District vehicle as part of his/her employment. District employees and officers driving District vehicles must have a valid California driver's license of the appropriate class.

DMV Report

The District obtains a driver's record report from the State Department of Motor Vehicles for each employee. From time to time, it also obtains updated reports. Any employee subject to this policy must cooperate with the District in obtaining such reports.

Employees are required to maintain a safe and careful driving record, and allow no more than three points as determined by the Department of Motor Vehicles to accumulate on his/her DMV report. An employee who allows more than three points to accumulate, or who is convicted of a felony involving conduct while driving a vehicle, will be subject to discipline up to and including dismissal for failure to meet job requirements.

Each employee subject to this policy must sign a statement acknowledging that he/she has read, understands, and agrees to comply with this policy of Vector Control Joint Powers Agency (VCJPA) guidelines. A copy of the policy and implementing resolution is available at the District Office.

District Vehicle Use

Employees must obey the following guidelines when using District vehicles:

1. District vehicles may be driven only by authorized District employees and officers, and may only be used for conducting District business. California Government Code Section 50084.5 (AB 1399) prohibits any employee from allowing any unauthorized person, including an immediate family member, to use a vehicle owned and operated by a public agency.
2. District vehicles must at all times be driven in compliance with state and local traffic laws and regulations, and in a safe and courteous manner. Employees are prohibited from engaging in angry behavior, inappropriate gestures, and aggressive acts while driving.
3. The vehicle operator and all passengers must wear safety belts whenever the vehicle is in

motion.

4. No posters, stickers or advertisements of any form may be placed upon District vehicles without prior approval of the District Manager.
5. District vehicles may be monitored and searched at any time for any reason. District employees have no expectation of privacy in regard to District vehicles and their use.
6. It is the responsibility of the vehicle operator to perform all normal operator inspection tasks periodically between scheduled service intervals, including checking oil levels, coolant levels, tire pressure, cleaning windshields and refueling (vehicles should never be allowed to go below $\frac{1}{4}$ tank of fuel). Vehicle (i.e. trucks and ATVs) and trailer tires should be visually inspected before the vehicle is used each day and the tire pressure on vehicles should be checked with a gauge monthly even if tire pressures visually appear to be within specifications. The tire pressure on trailer tires should be checked before each use. It is also the operator's responsibility to keep the vehicle clean inside and out, and to report any problems, malfunctions, or needed replacement items to the shop staff. Issues should be reported in writing on work order form and submitted to shop staff.

Notification

1. An employee is required to notify his or her manager or department head before beginning work when taking medications or drugs that could interfere with the safe and effective performance of duties or operation(s) of the District.
2. Pursuant to the "Drug Free Workplace Act of 1988," District employees are required to notify the District Manager in writing of any criminal drug statute of which they are convicted for a violation occurring in the workplace no later than five calendar days after such conviction. Any employee who fails to immediately notify the District of any criminal controlled substance statute conviction shall be subject to disciplinary action, up to and including termination of employment.

Rehabilitation

The decision to discipline or terminate an employee found to have used and/or be under the influence of drugs, alcohol and/or other controlled substances during working hours may be held in abeyance by the District Manager pending the employee's participation in a formal rehabilitation program. The District Manager has discretion to handle each case individually, with factors such as the employee's frequency of use, commitment to rehabilitation, and type of substance taken into consideration.

Discipline or termination that is held in abeyance pending rehabilitation should be done on the condition, set forth in writing, that the employee:

- Successfully complete an approved rehabilitation program;
- Faithfully comply with maintenance and therapeutic measures (e.g., attendance at AA or NA meetings); and,
- Be subject to periodic testing without further reasonable cause.

If an employee is returned to duty following rehabilitation, he/she must agree to and sign a **Return-To-Duty Agreement**, pass a return-to-duty controlled substance and/or alcohol test and be subject to unannounced follow-up tests for a period of one to five years, as determined by the SAP. The cost of any rehabilitation and subsequent controlled substance and/or alcohol testing is borne by the employee. An employee will be immediately terminated from employment on the occurrence of a second verified positive test result. Employees may use accumulated sick leave, vacation, administrative leave, personal necessity leave, and/or floating holidays, if any, to participate in the prescribed rehabilitation program.

Employees who are found to have brought drugs, alcohol or other prescription or non-prescription controlled substances onto District property or work sites and to have provided them to other employees shall be terminated without the opportunity to hold discipline in abeyance pending participation in a rehabilitation program.

The District is committed to providing reasonable accommodation to those employees whose alcohol or drug abuse problem classifies them as disabled under federal and/or state law.

Searches

In order to promote a safe, productive, and efficient workplace, the District has the right to search

and inspect all District property, including but not limited to lockers, offices, storage areas, furniture, District vehicles, and other places under the common control of the District, or under joint control of the District and employees. No employee has any expectation of privacy in any District building, property, vehicle, or communications system.

Circumstances under which Employees may be Tested

The District has discretion to test applicants and employees for alcohol and drug use under the following circumstances. The District will use an outside laboratory to perform all testing. The District affirms the need to protect individual dignity, privacy and confidentiality throughout the testing process.

1. Pre-Employment Testing for Applicants of Certain Jobs:

Those external applicants who apply for certain jobs where a special need for pre-employment drug and alcohol testing exists, including those safety-sensitive employees as defined in this policy, must take and pass a drug and alcohol test following a conditional offer of employment.

Jobs where a special need exists are jobs that require:

- Work with children
- Operation of heavy or specialized machinery or equipment
- Driving on a regular basis on District business
- Pesticide application, or
- Other special safety issues.

Receipt of a satisfactory test result is required prior to employment, and failure of a controlled substance test will disqualify the candidate from further consideration for employment. As required by DOT regulations, current employees who transfer from a non-safety sensitive position to a safety-sensitive position will be asked to provide, by written consent, alcohol and drug testing records for the two (2) year period prior to the date of application. Such records shall be obtained from employers who have employed the employee during any period during the two years before the date of the employee's application or transfer. These records shall include any alcohol test results of .04 or higher alcohol concentration, refusals to be tested, verified positive drug tests and documentation of the successful completion of return-to-duty requirements. Current employees, who promote, demote, or transfer from a non-safety-sensitive to a safety-sensitive position, shall test negative prior to assignment to a safety-sensitive classification.

The District will obtain records from the previous employers of new employees in safety sensitive positions, in conformance with DOT guidelines. Probationary employees who receive a positive alcohol and/or substance abuse test, or fail to provide "clean" records from previous employers will fail to complete the District's probationary period.

2. Reasonable Suspicion Testing

Any employee who is reasonably suspected of being impaired, under the influence of a prohibited substance, or not fit for duty will be removed from job duties and be required to undergo a reasonable suspicion controlled substance and/or alcohol test. Employees failing to pass this reasonable suspicion controlled substance or alcohol test shall remain off duty and be referred to an SAP. A controlled substance or alcohol test is considered positive (failed) if the individual is found to have a quantifiable presence of a prohibited substance in the body above the minimum thresholds defined in the DOT guideline.

To ensure that employees, property and equipment are not endangered by other employees who are involved with, or under the influence of drugs, alcohol and/or other controlled substances, any employee whose conduct, appearance, speech or other characteristics create a reasonable suspicion of involvement with, or influence of said substances will be taken to a medical facility and be subject to an exam by a qualified physician at District expense. Reasonable suspicion is demonstrated by personal observation of an employee's performance, appearance, behavior, speech, odor, a serious accident or potentially serious near-accident, safety violation, possession, information provided either by reliable and credible sources; or independently corroborated. If the District suspects drugs or alcohol may have played a role in an accident involving District property or equipment, that will also constitute reasonable suspicion. The supervisor shall record the factors that support reasonable suspicion in writing in advance of testing.

Said employee will be subject to testing for the presence of alcohol or drugs in his/her body.

- Presence of such substances will result in disciplinary action up to and including termination, as described above.
- An employee who is suspected of involvement as described above and refuses to cooperate in the physician's exam and/or drug/alcohol testing is subject to termination.
- If a qualified physician, as part of the examination determines that an employee is not capable of working safely, said employee will be transported to his/her home by a supervising employee and not allowed to drive himself/herself home.

3. Post-Accident Testing

Safety-sensitive employees will be required to undergo controlled substance and/or breath alcohol testing if they are involved in an accident with a District vehicle that results in a fatality. This includes all safety-sensitive employees who are on duty in the vehicles. In addition, a post-accident test will be conducted if an accident results in injuries requiring transportation to a medical treatment facility; or where one or more vehicles incur disabling damage that requires towing from the site; or the safety-sensitive employee receives a citation under State or local law for a moving violation arising from the accident.

Following an accident, the safety-sensitive employee will be tested as soon as possible, but not to exceed eight hours following the accident for alcohol and thirty-two hours following the accident for controlled substances. Any employee who leaves the scene of an accident without appropriate authorization prior to submission to controlled substance and alcohol testing will be considered to have refused the test and be subject to termination of employment. Post-accident testing of safety-sensitive employees will include not only the operation personnel, but also any other employees whose performance could have contributed to the accident.

4. Random Testing

Employees working in safety-sensitive classification and employees who perform safety-sensitive functions, as defined by the DOT, will be subjected to randomly selected, unannounced testing. The random selection will be by a scientifically valid method. Each employee in a safety-sensitive classification/function will have an equal chance of being tested each time selections are made. Employees in safety-sensitive classifications/functions will be tested either just before departure, or during duty, or just after the employee has ceased performing his/her duty.

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

When employees in safety-sensitive classifications/functions are off work due to a long-term lay-off, illness, injury, or vacation, the employee's name will be placed back into the pool and another employee name selected.

The number of employees in safety-sensitive classifications/functions selected for random testing will be the amount required in DOT guidelines. Currently, 25% of the employee pool is tested for alcohol and 50% for substance abuse. The employee pool will either be all District employees in safety-sensitive classifications/functions or, if the District participates in a consortium of employers, all safety-sensitive employees within the consortium.

Department of Transportation Requirements

Testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the Department of Health and Human Services (DHHS), including split-sample testing. All testing will be conducted consistent with the procedures put forth in the DOT guidelines.

An initial controlled substance screen will be conducted on each specimen. For those specimens that are positive, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the controlled substance levels present are above the minimum threshold established in the DOT guidelines.

Tests for alcohol concentration will be conducted utilizing an approved Evidential Breath Testing device (EBT) operated by a trained Breath Alcohol Technician (BAT). If the initial test indicates an alcohol concentration of 0.02 or greater, a confirmation test will be performed to confirm the result of the initial test. A safety-sensitive employee who has a confirmed alcohol concentration of 0.02, but less than 0.04 will be removed from his/her position for at least twenty-four hours unless a retest results in an alcohol concentration of 0.02 or less. An alcohol concentration of 0.04 or greater will be considered a positive alcohol test and in violation of the DOT guidelines and this policy.

Any employee who has a confirmed positive controlled substance or alcohol test will be removed from his/her position, informed of educational and rehabilitation programs available, and evaluated by an SAP.

5. Return-to-Duty Testing

All employees who previously tested positive for a controlled substance or alcohol test must test negative and be evaluated and released to duty by the SAP before returning to duty. Employees will be required to undergo unannounced follow-up controlled substance and/or alcohol breath testing following returning to duty. The SAP will determine the duration and frequency. However, it shall not be less than six tests during the first twelve months, nor longer than sixty months in total, following return to duty. This testing is separate from any random testing obligation.

6. Employee Requested Testing

Any employee who questions the result of a required controlled substance test may request that an additional test be conducted. This additional test may be conducted at the same laboratory or at a different DHHS certified laboratory. The test must be conducted on the split sample that was provided at the same time as the original sample. All costs for such testing are to be paid by the employee unless the second test invalidated the original test. The

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

method of collecting, storing and testing the split sample will be consistent with the procedures set forth in the DOT guidelines. The safety-sensitive employee's request for a retest must be made to the Medical Review Officer (MRO) within seventy-two hours of notice of the initial test result. Requests after seventy-two hours will be only accepted if the delay was due to documental facts that were beyond the control of the employee.

Record Retention

The District is obligated to maintain records of the administration, including violations, of this policy for a period of five (5) years.

Any laboratory reports and test results shall not appear in an employee's general personnel folder but will be contained in a separate confidential medical folder that will be securely kept. The report or test results may be disclosed to District management on a strictly need-to-know basis and to the tested employee upon request. Disclosures, without employee consent, may also occur under the following situations:

1. When the information is compelled by law or by judicial or administrative process;
2. When the information has been placed at issue in a formal dispute between the employer and employee;
3. When the information is to be used in administering an employee benefit plan;
4. When the information is needed by medical personnel for the diagnosis or treatment of the patient who is unable to authorize disclosure; or
5. When requested by the DOT or any state or local officials with regulatory authority over the District or any of its safety-sensitive employees.

Test Related Time-Off Work Provisions

Any employee who is relieved from duty due to a positive drug or controlled substance test must use accumulated compensated leave (i.e., vacation, sick leave, admin. leave, personal necessity leave or floating holidays, if any) during the regular scheduled work time missed. If the employee has insufficient accumulated compensated leave to cover the regularly scheduled work time missed due to a positive alcohol or controlled substance test, such time shall be without pay. In the event there is a false positive test, the District, upon verification, will compensate the employee for any regularly scheduled work time missed as a result thereof.

TESTING PROCEDURES

Reasonable Suspicion Testing

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

1. A supervisor observes an employee who may possibly be under the influence of alcohol and/or controlled substances.

Any employee may identify someone suspected of alcohol and/or controlled substance abuse to any supervisor. (Employees should realize, however, that it is against District policy to make false or malicious statements about other employees and doing so can result in disciplinary action.) The supervisor must witness first-hand the employee's signs and symptoms.

2. The supervisor is then obligated to ensure that the matter is immediately investigated. If possible, two supervisors determine (independently or together) that the employee in question may be under the influence of alcohol and/or controlled substances.
3. When the supervisor(s) suspect and believe that an employee may be under the influence of alcohol and/or controlled substances, the employee is then immediately suspended from duty (with pay) and driven by a District employee (or others designated) to the District specified collection site. Because of a testing facility requirement, the employee in question must show proof of identification, such as driver's license photo or state-issued photo identification card. Whenever practical, the District Manager (or his/her designee) should be notified in advance of the employee being taken to the collection site.
4. At the collection site, the employee will be required to submit a urine sample in the event that controlled substances are suspected, or a breath sample in the event that alcohol intoxication is suspected by the on-duty technician. Care will be taken to provide the employee with maximum privacy without compromising the integrity of the sample.
5. The District will take precautions to prevent the employee being tested from going back to work and driving his/her own car home if any tests are positive. Instead, a District employee (or others designated) will take the employee home from the collection site.

The employee whose results are negative (0.02 alcohol concentration or less) will be reinstated immediately. The employee whose confirmation test results indicate an alcohol concentration greater than 0.02 but less than 0.04, will not be permitted to return to duty or perform a safety-sensitive duty for twenty-four hours after administration of the test. The employee whose confirmation test result indicates an alcohol concentration of 0.04 or greater will be referred to a District specified SAP who will assess the employee's condition and make a recommendation for treatment, which, if accepted by the District, must be followed by the employee. Failure to follow the accepted recommendations or refusal to submit to return-to-duty and unannounced follow-up testing will result in the employee's termination of employment.

6. The employee whose controlled substance test results are verified negative will be reinstated immediately. The employee whose controlled substance test is verified positive by the Medical Review Officer will be referred to a District specified SAP who will assess the employee's condition and make recommendation for treatment which, if accepted by the District, must be followed by the employee. Failure to follow the accepted recommendations or refusal to submit to return-to-duty and unannounced follow-up testing will result in the employee's termination of employment.

DOT-Authorized Random Testing for Particular Classifications

1. The compliance company notifies the District Manager, who in turn notifies the supervisor to send the safety-sensitive employee to the collection site for alcohol and/or controlled substance testing.

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

2. The supervisor notifies the safety-sensitive employee to go to the collection site for alcohol and/or controlled substance testing immediately. Because of the testing facility requirement, the safety-sensitive employee sent to the collection site must have proof of identification, such as a driver's license photo or state-issued photo identification card.
3. At the collection site, the safety-sensitive employee will be required to submit a urine sample (in the event that controlled substances are to be tested for) and/or breath sample (in the event that alcohol is being tested for) to the on-duty technician. Care will be taken to provide the safety-sensitive employee with maximum privacy without compromising the integrity of the sample.
4. The safety-sensitive employee whose test results are negative (0.02 alcohol concentration or less) will be released to return to work. The safety-sensitive employee whose confirmation test results indicate an alcohol concentration greater than 0.02 but less than 0.04, will not be permitted to return to duty or perform safety-sensitive functions for twenty-four hours after administration of the test. The safety-sensitive employee whose confirmation test result indicates an alcohol concentration of 0.04 or greater will be referred to a District specified SAP who will assess the safety-sensitive employee's condition and make a recommendation for treatment which, if accepted by the District, must be followed by the safety-sensitive employee. Failure to follow the accepted recommendations or refusal to submit to return-to-duty and unannounced follow-up testing will result in the safety-sensitive employee's termination of employment.
5. The safety-sensitive employee whose controlled substance test results are verified negative will be released to return to work. The safety-sensitive employee whose controlled substance test is verified positive by a Medical Review Officer will be referred to a District specified SAP who will assess the safety-sensitive employee's condition and make a recommendation for treatment which, if accepted by the District, must be followed by the safety-sensitive employee. Failure to follow the accepted recommendations or refusal to submit to return-to-duty and unannounced follow-up testing will result in the safety-sensitive employee's termination of employment.

Post-Accident Testing

1. The safety-sensitive employee notifies a supervisor that an accident has occurred.
2. The supervisor determines that the circumstances of the accident warrant a post-accident test when a citation was issued or a fatality occurred. Thereafter, the supervisor directs the safety-sensitive employee to immediately go to the collection site for alcohol and controlled substance testing. Because of a testing facility requirement, the safety-sensitive employee in question must have proof of identification, such as a driver's license photo or state-issued photo identification card.
3. At the collection site, the safety-sensitive employee will be required to submit a urine sample for controlled substances and a breath sample for alcohol testing to the on-duty technician. Care will be taken to provide the safety-sensitive employee with maximum privacy without compromising the integrity of the sample.
4. The District Manager (or his/her designee) will be notified that an accident has occurred and that the safety-sensitive employee was instructed to go to the collection site.
5. The safety-sensitive employee whose test results are negative (0.02 alcohol concentration or less) will be released to return to work. The safety-sensitive employee whose confirmation test

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

results indicate alcohol concentration greater than 0.02 but less than 0.04, will not be permitted to return to duty or to perform a safety-sensitive function for twenty-four hours after administration of the test. The safety-sensitive employee whose confirmation test result indicates an alcohol concentration of 0.04 or greater will be referred to a District specified SAP who will assess the safety-sensitive employee's condition and give a recommendation for treatment, which, if accepted by the District, must be followed by the safety-sensitive employee. Failure to follow the accepted recommendations or refusal to submit to return-to-duty and unannounced follow-up testing will result in the safety-sensitive employee's termination of employment.

6. The safety-sensitive employee whose controlled substance test results are verified negative will be released to return to work. The safety-sensitive employee whose controlled substance test results are verified positive by the Medical Review officer will be referred to a District specified SAP who will assess the safety-sensitive employee's condition and make a recommendation for treatment, which, if accepted by the District, must be followed by the safety-sensitive employee. Failure to follow the accepted recommendations or refusal to submit to return-to-duty and unannounced follow-up testing will result in the safety-sensitive employee's termination of employment.

POLICY TITLE: Facial Hair and Protective Respiratory Devices

POLICY NUMBER: F-100

Purpose

To provide working guidelines for the use of a respirator or dust mask for District employees, who are required to use such equipment to perform their essential job duties. This policy applies only to those employees, and is designed to promote the District's legitimate and non-discriminatory goals to promote workplace safety.

Policy

It is the policy of the Marin/Sonoma Mosquito and Vector Control District (MSVCD) that a dust mask and respirator that requires a tight face-to-face piece seal shall not have any interference with the establishment of this seal. The District requires that:

1. Employees shall not wear a respirator with a tight-fitting face piece if:
 - o Facial hair comes between the sealing surface of the face piece and the face or interferes with valve function; or
 - o Any physical or mental condition of the employee interferes with face-to-face piece seal or valve function.
2. Corrective glasses or goggles or other personal protective equipment worn by an employee do not interfere with the face-to-face piece seal.
3. Employees perform a user seal check each time they put on the respirator.
4. Employees, at the direction of supervising staff, will take a fit test at any time.
5. All respirator and dust masks are used in accordance with the label instructions.
6. Mustaches are trimmed at the corner of the mouth with no facial hair interference to meet the mask/respirator fit requirement.
7. Employees are educated on the proper use of the respirator.
8. Employees take responsibility for use of all equipment in accordance to the instructions provided.
9. The records of training are properly maintained.

Facial hair that the District Manager or designee determines to be at risk of interfering with the respirator seal and/or function will not be allowed.

Consequences for Failure to Meet Requirements

If the employee is found not to have a face-to-face piece seal due to facial hair interruption or facial hair that is not compliant with this policy during a work shift, the employee will be subject to discipline

up to and including termination.

Exceptions

The District Manager or designee may allow beards or other facial hair to be grown during times of the year when respirators or dust masks are typically not required. DISTRICT EMPLOYEE POLICY MANUAL 2020

POLICY TITLE: Harassment, Discrimination and Retaliation Prevention

POLICY NUMBER: H-100

Purpose

Federal and State laws require that every employee has a right to work in an environment free from all forms of discrimination, harassment and retaliation on the basis of any protected classification. The District maintains a zero tolerance policy regarding discrimination, harassment or retaliation. Conduct need not arise to the level of a violation of state or federal law to violate this Policy. Instead, a single act can violate this Policy and provide grounds for discipline or other appropriate sanctions.

District employees have a grave responsibility to maintain a high standard of honesty, integrity, impartiality and conduct, both to assure proper performance of the District's business, and preserve the confidence of the people it serves. District policy makes clear that harassment, discrimination and retaliation are unacceptable and will not be tolerated in any form from any employee regardless of employment status. All employees are responsible for maintaining a work environment free from harassment, discrimination, and retaliation. The District takes a proactive approach to potential Policy violations and will conduct an investigation if its supervisory or management employees become aware that harassment, discrimination or retaliation may be occurring, regardless of whether the recipient or third party reports a potential violation.

This Policy establishes a complaint procedure for investigating and resolving internal complaints of discrimination, harassment and retaliation. The District encourages all covered individuals to report any conduct they believe violates this Policy as soon as possible. Any retaliation against an employee because they filed or supported a complaint or because they participated in the complaint resolution process is prohibited. Individuals found to have retaliated in violation of this Policy will be subject to appropriate sanction or disciplinary action, up to and including termination.

The individuals covered by this Policy are: applicants, employees regardless of rank or title, elected or appointed officials, interns, volunteers, and contractors. This Policy applies to all terms and conditions of employment, internships, and volunteer opportunities, including, but not limited to, selection, hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, compensation, and training.

Protected Classifications

This Policy prohibits harassment, discrimination and retaliation based on the following protected class categories:

1. Race
2. Color
3. Religious Creed
4. National Origin
5. Ancestry
6. Age (40 and above)
7. Sex, including gender, gender identity and gender expression
8. Marital Status
9. Medical Condition
10. Genetic information
11. Physical and/or mental disability

12. Sexual Orientation
13. Military and/or veteran status, and
14. Any other basis protected by law.

This Policy prohibits discrimination, harassment or retaliation because: 1) of an individual's protected classification; 2) the perception that an individual has a protected classification; or 3) the individual associates with a person who has or is perceived to have a protected classification.

Protected Activity

This Policy prohibits discrimination, harassment or retaliation because of an individual's protected activity. Protected activity includes: making a request for or receiving an accommodation for a disability; making a request for or receiving accommodation for religious beliefs or practices; making or supporting a complaint under this Policy; opposing violations of this Policy; or participating in an investigation pursuant to this Policy.

Discrimination

This Policy prohibits treating covered individuals differently and adversely because of the individual's protected classification, actual or perceived; because the individual associates with a person who is member of a protected classification, actual or perceived; or because the individual participates in a protected activity as defined in this Policy.

Harassment

Harassment includes unwelcome verbal, physical or visual conduct that creates a hostile work environment. Examples of actions that may lead to workplace harassment complaints based on protected categories include, but are not limited to, the following:

- Visual Harassment, such as posters, photographs, letters, notes, email, cartoons, or drawings related to the person's protected category/status (including using Agency computer systems related to such materials).
- Verbal Harassment, such as epithets, derogatory comments/statements, vulgar, racist or other discriminatory jokes, or slurs based upon a person's protected category/status. This includes inappropriate comments about appearance, dress, physical features, gender identification, or race, ethnic or sexually oriented stories and jokes.
- Physical Harassment, such as assault, offensive or unwanted touching, blocking or impeding access or other physical interference, sabotaging work or imposing demeaning work tasks based upon a person's protected category/status.

Sexual harassment is a form of workplace harassment and can include, but is not limited to:

- Unwelcome sexual advances
- Leering
- Unwanted touching
- Requests for sexual favors
- Repeated requests for dates
- Graphic verbal commentaries about an individual's body
- Sexually degrading words used to describe an individual
- Sexually suggestive objects, picture or cartoons, and other verbal or physical conduct of a sexual nature, and

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

- Acts of a sexual nature where submission is made a term or condition of employment, where submission to or rejection of the conduct is used as the basis for employment decisions, or where the conduct is intended to or actually does unreasonably interfere with an individual's work performance or creates an intimidating, hostile or offensive work environment,

Guidelines for Identifying Harassment

Harassment includes any conduct which would be unwelcome or unwanted to an individual of the recipient's same protected classification. The following guidelines to determine if conduct is unwelcome or unwanted should be followed:

- It is no defense that the recipient "appears" to have consented to the conduct at issue by failing to protest about the conduct. A recipient may not protest for many legitimate reasons, including the need to avoid being insubordinate or to avoid being ostracized or subjected to retaliation.
- Simply because no one has complained about a joke, gesture, picture, physical contact, or comment does not mean that the conduct is welcome. Harassment can evolve over time. Small, isolated incidents might be tolerated up to a point. The fact that no one has yet complained does not preclude someone from complaining if the conduct is repeated in the future.
- Even visual, verbal, or physical conduct between two people who appear to welcome the conduct can constitute harassment of a third person who witnesses the conduct or learns about the conduct later. Conduct can constitute harassment even if it is not explicitly or specifically directed at a particular individual.
- Conduct can constitute harassment even if the individual has no intention to harass. Even well-intentioned conduct can violate this Policy if the conduct is directed at, or implicates a protected classification, and if an individual would find it offensive (e.g., gifts, over-attention, endearing nicknames, hugs).

Retaliation

Retaliation occurs when adverse conduct is taken against a covered individual because of the individual's protected activity as defined in this Policy. "Adverse conduct" may include but is not limited to: disciplinary action, counseling, taking sides because an individual has reported harassment or discrimination; spreading rumors about a complainant or about someone who supports or assists the complainant; shunning or avoiding an individual who reports harassment or discrimination; or making real or implied threats of intimidation to prevent or deter an individual from reporting harassment or discrimination.

Notice

All employees will be informed of the District's harassment, discrimination and retaliation policy and complaint process at the time of employment, and through periodic training. In addition, the policy and complaint process will be readily available to all employees and to members of the public who utilize the District facilities and services.

An annual bulletin is prepared and distributed to all employees reminding them of the District's sexual harassment policy. The bulletin will include summaries of cases involving harassment, with examples of back pay, punitive damages and personal financial liability of supervisors.

Complaint Process

Any covered individual who believes he/she has been subjected to discrimination, harassment, or retaliation may file a formal or informal confidential complaint, verbally or in writing to any supervisor, manager, department head, or to the President of the Board of Trustees, without regard to any chain of command. Ideally, a complaint should include details of the incident or incidents, names of the individuals involved and names of any witnesses.

Supervisors will immediately refer all harassment complaints to the District Assistant Manager or the District Manager. Upon receiving notification of a harassment complaint, the District will immediately undertake an effective, thorough and objective investigation of the harassment allegations, using the following steps:

1. Authorize and supervise the investigation of the complaint and/or investigate the complaint. The investigation will usually include interviews with: 1) the complainant; 2) the accused; and 3) other persons who have relevant knowledge concerning the allegations in the complaint.
2. Review the factual information gathered through the investigation to determine whether the alleged conduct violates the Policy giving consideration to all factual information, the totality of the circumstances, including the nature of the conduct, and the context in which the alleged incidents occurred.
3. Report a summary of the determination as to whether this Policy has been violated to appropriate persons. If discipline or sanctions are imposed, the level of discipline or sanctions will not be communicated to the complainant.
4. If conduct in violation of this Policy occurred, take or recommend to the appointing authority prompt and effective remedial action. The remedial action will be commensurate with the severity of the offense.
5. Take reasonable steps to protect the complainant from further harassment, discrimination or retaliation.

No individual lodging a complaint or participating in a workplace investigation will be subject to any form of retaliation.

The person initiating the complaint has the right to be accompanied by an advocate(s) when discussing the alleged incidents; he/she shall be advised of this right prior to the commencement of such discussions.

Remedy

Upon conclusion of the investigation of alleged harassment, discrimination and/or retaliation, appropriate action shall be taken by the District Manager or designee if the alleged constitutes harassment, discrimination, and/or retaliation. If the District determines that harassment, discrimination and/or retaliation have occurred, effective remedial action will be taken in accordance with the circumstances involved. Any employee determined by the District to be responsible for unlawful discrimination, harassment, or retaliation will be subject to appropriate disciplinary action commensurate with the severity of the offense, up to and including termination. A District representative will advise complainant(s) whether or not the investigation resulted in affirmative findings. However, any resulting disciplinary action shall remain confidential, except where disclosure is legally-required. c. No individual lodging a complaint or participating in a workplace investigation will be subject to any form of retaliation.

Action taken to remedy a discrimination, harassment, or retaliation situation shall be done in a manner so as to protect potential future victims.

Employees complaining of discrimination, harassment, or retaliation shall be protected thereafter from any form of reprisal and/or retaliation.

The District encourages all employees to report any incidents of discrimination, harassment, and retaliation forbidden by this policy immediately so that complaints can be quickly and fairly resolved.

Option to Report to Outside Administrative Agencies

An individual has the option to report harassment, discrimination or retaliation to the Federal Equal Opportunity Employment Commission or the California Department of Fair Employment and Housing. These administrative agencies investigate and prosecute complaints of prohibited harassment in employment. If you think you have been harassed, discriminated against, or retaliated against for resisting or complaining, you may file a complaint with the appropriate agency. The nearest office is listed on the internet at www.dfeh.ca.gov or www.eeoc.gov. Employees can also check posters that are located on District bulletin boards for office locations and telephone numbers.

Confidentiality

Every effort will be made to assure the confidentiality of complaints made under this Policy to the greatest extent allowed by law. Complete confidentiality cannot occur, however, due to the need to fully investigate and the duty to take effective remedial action. An employee who is interviewed during the course of an investigation is prohibited from attempting to influence any potential witness while the investigation is ongoing. An employee may discuss his or her interview with a designated representative. The District will not disclose a completed investigation report except as it deems necessary to support a disciplinary action, to take remedial action, to defend itself in adversarial proceedings, or to comply with the law or court order.

POLICY TITLE: Hours of Work and Pay Periods

POLICY NUMBER: H-300

Work Period

Unless otherwise provided, the work period on which weekly overtime calculations will be based begins Monday at midnight and ends at 11:59 p.m. on Sunday.

The standard workweek for employees occupying full-time positions consists of five eight-hour days, or a total of any forty hours.

In an emergency situation, the District Manager may suspend the standard workweek schedule until such time as the District Manager deems the emergency situation no longer exists.

Hours of Work

The District workday for most employees starts at 7:00 a.m. and ends at 3:30 p.m., Monday through Friday (as also set forth in Policy Number W-100). The District reserves the right to modify employees' starting and ending times and the number of hours worked. The regular hours of work each day are consecutive except for interruptions for meal periods.

Alternate Work Schedule

An employee may be assigned to a 9/80 alternative work schedule, which shall consist of eight (8) nine (9) hour workdays and one (1) eight (8) hour workday over a two (2) week period.

Employees assigned to a 9/80 schedule will have either every other Monday or Friday off. The same day of the week (Monday or Friday) shall be permanently designated as the employee's regular day off. For employees working a 9/80 work schedule, each employee's designated FLSA work week (168 hours in length) shall begin exactly four hours after the start of his/her eight hour shift on the day of the week that corresponds with the employee's alternating regular day off.

When a full time employee assigned to a 9/80 work schedule has a holiday, the employee will receive eight (8) hours of holiday pay and will be required to use one (1) hour of vacation leave, or utilize an approved flextime scheduling arrangement to make up the extra hour.

When a full time employee assigned to a 9/80 work schedule takes a 9-hour day off and uses management leave, the employee will be required to use nine (9) hours of management leave.

Flextime Scheduling Arrangement

Flextime is a scheduling arrangement that permits variations in an employee's starting and departure times, but does not change the total number of hours worked in a workweek. Flextime arrangements are subject to the approval of the District Manager or designee, and are contingent on the availability of supervision, sufficient staffing coverage and satisfaction of other District business needs as determined by the District Manager.

Flextime scheduling arrangements shall not result in overtime. In the event that a flextime

arrangement results in a non-exempt employee working in excess of eight (8) hours per day, the employee will not be eligible for overtime compensation. No flextime schedule arrangement for an FLSA non-exempt employee shall be approved requiring more than forty (40) hours of actual work in a workweek.

Flextime scheduling arrangement can be discontinued by the District at any time with fourteen days' notice to the affected employee. This does not preclude the assignment of overtime during the notice period.

Accurate Time Reporting

All employees must accurately report all work time to the nearest five minutes.

Management Leave

Employees who receive management leave may use available management leave on an hourly basis.

Meal and Rest Periods

Lunch

All overtime-eligible full-time employees who work more than five hours during the work day receive a thirty-minute meal period each day, unpaid. Overtime-eligible employees are responsible for taking their meal period at a time designated by the supervisor.

Rest Periods

All overtime-eligible full-time employees receive a fifteen minute paid rest period during the first half of the workday and a second fifteen minute paid rest period during the second half of the workday. Rest periods may not be combined to shorten the workday or to extend the meal period.

Lactation Accommodation

In accordance with state law, the District will provide a reasonable amount of break time to employees who are breast feeding to express milk. If possible, the break time will be that already provided. If not, the break time will be unpaid. Breaks may be reasonably delayed if they would seriously disrupt operations. Once a lactation break has been approved, the break will not be interrupted except for emergency or exigent circumstances.

To request lactation accommodation, the employee shall contact the District Manager or designee. The District Manager or designee shall respond to the request within five business days.

The District will provide a private lactation room, other than a bathroom, in close proximity to the employee's work area for this break. The lactation room shall be shielded from view and free from intrusion while the employee expresses milk; contain a surface to place a breast pump and personal items; contain a place to sit; and have access to electricity or alternative devices (such as extension cords or charging stations) needed to operate an electric or battery-powered breast pump. The District shall also provide access to a sink with running water and a refrigerator or other cooling device suitable for storing milk in close proximity to the employee's workspace. If a multipurpose room is designated as the lactation room,

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

lactation shall take precedence over other uses, but only for the time it is in use for lactation purposes. An employee may file a complaint with the Labor Commissioner for any violation of the law.

Overtime

Pre-Approval

Overtime-eligible employees may not work overtime without the express, advance approval of the District Manager or Assistant Manager. In emergency situations that necessitate working overtime, the employee must notify a supervisor as soon as possible, and in no event later than the end of that day upon which the emergency occurred. If the supervisor denies the request to work overtime, the employee must obey the supervisor's directive and cease working. Employees who work overtime without approval are subject to discipline, up to and including termination. Overtime-eligible employees who are directed to work overtime must do so.

Rate of Pay

Unrepresented, non-FLSA Exempt employees are entitled to overtime for all hours worked over 40 in a workweek, as defined in this policy. Overtime is paid at the rate of one and one half times the employee's regular rate.

Compensatory Time Off

An overtime-eligible employee may opt to accrue compensatory time-off (CTO) in lieu of cash payment for overtime worked if his or her supervisor agrees prior to overtime work being performed.

Accrual Rate

CTO accrues at the rate of 1.5 hours for each hour, or fraction thereof, worked after 40 hours of actual work within the employee's designated work week. Time in paid leave status does not count toward CTO. CTO cannot be accumulated in excess of 100 hours at any given time.

Employee Request to Use CTO

The District will grant an employee's request to use accumulated CTO provided that: 1) the District can accommodate the use of CTO on the day requested without undue disruption to department operations; and 2) the employee makes the request in writing to the supervisor no later than one week prior to the date requested. If the employee does not provide five days' notice, or if the District cannot accommodate the time off without undue disruption, the District will provide the employee the opportunity to cash out the amount of CTO requested at the end of the current pay period.

Cash Out

All compensatory time must be used by June 30th of each year, or will be paid out by the District.

During employment, accrued, unused compensatory time is cashed out at the

employee's current FLSA regular rate of pay (including all FLSA-applicable salary differentials and special pays).

Employees separating from District service shall be compensated for all accrued, unused compensatory hours at their current FLSA regular rate of pay, or their average FLSA regular rate for the prior three years, whichever is higher.

Hours Worked for the Purpose of Calculating Overtime Eligibility

Overtime pay is determined only by those hours actually worked. Paid leave time, paid time off for holiday pay do not count as hours worked for the purpose of calculating entitlement to overtime.

No Remote Access for Overtime-Eligible Employees

Unless the District Manager specifies otherwise in writing, overtime-eligible employees may not have remote access to District equipment, resources or email. If an overtime-eligible employee is granted remote access, they are required to record all time worked remotely on their time card. Overtime-eligible employees are required to receive advance approval before working overtime remotely.

No Volunteering of Work Time

All time spent for the benefit of the District must be reported as hours worked on time records so that the employee is paid for all work. Overtime-eligible employees may not "volunteer" work time to perform duties that are the same or similar as their stated or regular job duties. Employees have no authorization to work without compensation. No supervisor has authority to request overtime-eligible employees to volunteer work time.

Pay Periods

The District pay period is semi-monthly, and all wages are paid in accordance with applicable Federal and State Law.

Reporting

In case of an accident during an employee's duty hours and/or on District premises involving an injury to an employee, regardless of how serious, the employee should notify his or her immediate supervisor immediately. Failure to report accidents violates this policy and can lead to difficulties in processing insurance and benefit claims.

Worker's Compensation Procedures

An employee of the District who has suffered a disability caused by illness or injury arising out of and in the course of the employee's employment, as defined by the Workers' Compensation laws of the State of California shall be entitled to disability leave while so disabled without loss of compensation for the period of such disability to a maximum of ninety (90) days.

During the period the employee is paid by the District, the employee shall endorse to the District any benefit payments received as a result of Workers' Compensation insurance coverage. The District reserves the right to withhold payment of any disability benefits until such time as it is determined whether or not the illness or injury is covered by Workers' Compensation.

If the employee's disability caused by illness or injury arising out of and in the course of the employee's employment extends beyond the ninety calendar days described above, the District may integrate the employee's unused sick leave and vacation with the Workers' Compensation payments, provided that the sum of the Workers' Compensation payments and paid leave does not exceed the employee's regular rate of pay for that period.

Benefits During Period of Absence

Employees on leaves of absence without pay (no longer on the payroll) are not entitled to payment by the District of the premiums for their health, dental, life insurance and retirement. If one's disability should extend beyond their banked hours thus putting them in a non-pay status, he/she may pay the District directly for their benefits in order to keep them in force.

As the retirement contribution is recorded differently; an employee does not have the option to contribute to pension when on non-pay status. When the employee returns to work and is back on the payroll, he/she may buy back retirement time if so desired. This will be handled through the Administrator, Marin County Employee's Retirement Association.

No sick leave or vacation shall be accumulated or paid to an employee during any leave of absence without pay. After an employee has exhausted banked hours, all vacation and sick leave accrual will cease until the employee is back in a pay status.

POLICY TITLE: **Layoff**

POLICY NUMBER: **L-100**

From time to time, the District may decide, in the exercise of its sole managerial prerogative, to reduce the size of the work force by laying off employees for business, operational, or economic reasons (such as lack of work, reorganizing a departmental unit, or job elimination). Should the District consider such layoffs necessary, the District will consider District business needs and skills and experience required to continue District programs and projects to determine positions eliminated and attempt to provide affected employees with advance notice.

Layoffs of represented employees shall occur in accordance with the applicable labor agreement.

Layoff

POLICY TITLE: Leave of Absence – Discretionary Leave

POLICY NUMBER: L-200

Long Term Discretionary Leave of Absence

An employee may request, and the District Manager may approve, a discretionary leave of absence without pay for a period of up to one year. Discretionary leave is intended for circumstances such as, but not limited to, completion of education/training that would require extended work absence, family care obligations outside of the scope of other leave policies/legally-protected leave, and/or personal reasons outside the scope of other leave policies. Such a leave of absence may be taken in conjunction with, and at the conclusion of, an authorized use of accrued vacation time.

Eligibility requires an employee to not be on some current disciplinary action and having completed at least five (5) years of employment with the District.

Leave Without Pay

Once the employee who has been on a discretionary leave of absence without pay has used all available vacation and any other accrued leave time, then the continuation of such leave will be without any accrual of pay and/or other benefits available to regular employees of the District.

District Contribution Toward Health, Dental and Life Insurance Premiums During Unpaid Discretionary Leave

Employees on leaves of absence without pay, including intermittent or partial leave without pay, shall not be entitled to payment by the District of the premiums for their health, dental and life insurance, except as required by law. For employees on full unpaid leave, the entitlement to District payment of premiums shall end on the last day of the month in which the employee began the leave without pay. In the case of employees on intermittent or partial leave without pay, employees will receive a pro-rated District contribution to health, dental, and life insurance premiums during the period of intermittent or partial leave without pay. An employee on an unpaid leave of absence shall not accrue any seniority with the District for the length of unpaid leave.

Return to Work

Due to the District's limited work force, maintenance of job classifications for the term of a discretionary leave of absence cannot be guaranteed beyond six months (shorter period of time optional), except where required by law. Employees returning from a leave of absence will be reinstated with the first available job classification for which they are qualified.

Leave of Absence: Authorized Leave

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020

POLICY TITLE: Leave of Absence – Family Medical Leave Policy

POLICY NUMBER: L-300

Purpose

The District's Family Medical Leave Policy provides eligible employees with an unpaid leave of absence for qualifying reasons under the Family and Medical Leave Act (FMLA) and California Family Rights Act (CFRA). The following provisions set forth certain of the rights and obligation with respect to such leave. Rights and obligations which are not specifically set forth below are set forth in the Department of Labor regulations implementing the FMLA and the regulations of the CFRA. Unless otherwise provided in this section, "leave" shall mean leave pursuant to the FMLA and / or CFRA. Unless otherwise provided by law, the District will run each employee's FMLA and CFRA leaves concurrently. Employees who misuse or abuse family and medical care leave may be disciplined up to and including termination.

Definitions

1. "12-Month Period" means a rolling 12-month period measured backward from the date leave is taken and continuous with each additional leave day taken.
2. "Single 12 Month Period" means a 12-month period which begins on the first day the eligible employee takes FMLA leave to take care of a covered service member and ends 12 months after that date.
3. "Child" means a child under the age of 18 years, or 18 years of age or older who is incapable of self-care because of a mental or physical disability. An employee's child is one for whom the employee has actual day-to-day responsibility for care and includes a biological, adopted, foster or step-child.

A child is "incapable of self-care" if he/she requires active assistance or supervision to provide daily self-care in three or more of the activities of daily living or instrumental activities of daily living such as caring for grooming and hygiene, bathing, dressing and eating, cooking, cleaning, shopping, taking public transportation, paying bills, maintaining a residence, using telephones and directories, etc.

For purposes of military leave, a child is any child regardless of age or disability.

3. "Parent" means the biological parent of an employee or an individual who stands or stood in loco parentis (in place of a parent) to an employee when the employee was a child. This term does not include parents-in-law.
4. "Spouse" means one or two persons to a marriage, regardless of the sex of the persons, and for purposes of CFRA leave, includes a registered domestic partner as defined below.
5. "Domestic Partner," is another adult with whom the employee has chosen to share their life in an intimate and committed relationship of mutual caring and with whom the employee has filed a Declaration of Domestic Partnership with the Secretary of State, and who meets the criteria specified in California Family Code §§297 and 299.2, shall have the same meaning as "spouse" for purposes of CFRA leave. A legal union formed in another state that is substantially equivalent to the California domestic partnership is also sufficient.

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

6. "Serious health condition" means an illness, injury, impairment or physical or mental condition that involves:
- a. Inpatient Care in a hospital, hospice, or residential medical care facility, including any period of incapacity (i.e., inability to work, or perform other regular daily activities due to the serious health condition, treatment involved, or recovery there from). A person is considered "inpatient" when a health care facility admits them to the facility with the expectation that they will remain at least overnight, even if it later develops that such person can be discharged or transferred to another facility, and does not actually remain overnight; or
 - b. Continuing treatment by a health care provider: A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:
 - 1) A period of incapacity (i.e., inability to work, or perform other regular daily activities) due to serious health condition of more than three consecutive calendar days; and any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - a) Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision by a health care provider, or by a provider of health care services (e.g., a physical therapist) under orders of, or on referral by a health care provider; or
 - b) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider. This includes for example, a course of prescription medication or therapy requiring special equipment to resolve or alleviate the health condition. If the medication is over the counter, and can be initiated without a visit to a health care provider, it does not constitute a regimen of continuing treatment.
 - 2) Any period of incapacity due to pregnancy or for prenatal care. (This entitles the employee to FMLA leave, but not CFRA leave. Under California law, an employee disabled by pregnancy is entitled to pregnancy disability leave. See Pregnancy Disability Policy L-600.)
 - 3) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
 - a) Requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;
 - b) Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - c) May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.). Absences for such incapacity qualify for leave even if the absence lasts only one day.
 - 4) A period of incapacity which is permanent or long term due to a condition for

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider.

5) Any period of absence to receive multiple treatments (including any period of recovery there from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment.

7. “Health Care Provider” means:

- a. A doctor of medicine or osteopathy who is authorized to practice medicine or surgery by the State of California;
- b. Individuals duly licensed as a physician, surgeon, or osteopathic physician or surgeon in another state or jurisdiction, including another country, who directly treats or supervises treatment of a serious health condition;
- c. Podiatrists, dentists, clinical psychologists, optometrists, and chiropractors (limited to treatment consisting of manual manipulation of the spine to correct a subluxation as demonstrated by X-ray to exist) authorized to practice in California and performing within the scope of their practice as defined under California State law;
- d. Nurse practitioners and nurse-midwives and clinical social workers who are authorized to practice under California State law and who are performing within the scope of their practice as defined under California State law;
- e. Christian Science practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts; and
- f. Any health care provider from whom an employer or group health plan’s benefits manager will accept certification of the existence of a serious health condition to substantiate a claim for benefits.

8. “Covered Active Duty” means: in the case of a member of a regular component of the Armed Forces, duty during deployment of the member with the Armed Forces to a foreign country; or in the case of a member of the reserve component of the Armed Forces, duty during the deployment of members of the Armed Forces to a foreign country under a call or order to active duty under certain specified provisions

9. “Contingency Operation” means a military operation that is (1) designated by the Secretary of Defense as an operation in which members of the United States Armed Forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or (2) that results in the call to order of active duty members of the United States Armed Forces by law or any other provision of law during a war or national emergency declared by the President or Congress.

10. “Covered Service member” means a member of the United States Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, in otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or a veteran who is undergoing medical treatment,

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy..

11. "Outpatient Status" means the status of a member of the United States Armed Forces assigned to: (1) a military medical treatment facility as an outpatient; or (2) a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.
12. "Next of Kin of a Covered Service member" means the nearest blood relative of an injured service member other than the covered service member's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered service member by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered service member has specifically designated in writing another blood relative as their nearest blood relative for purposes of military caregiver leave under the FMLA.
13. "Serious Injury or Illness" means in the case of a member of the Armed forces, including a member of the National Guard or reserves, means an injury or illness that a covered service member incurred in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by the service in the line of duty on active duty in the Armed Forces) and that may render the service member medically unfit to perform the duties of the member's office, grade, rank, or rating; or in the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

Reasons for Leave

Leave is only permitted for the following reasons:

1. The birth of a child or to care for a newborn of an employee;
2. The placement of a child with an employee in connection with the adoption or foster care of a child;
3. Leave to care for a child, parent, spouse, or domestic partner who has a serious health condition;
4. Leave because of a serious health condition that makes the employee unable to perform the functions of their position;
5. Leave to address a "qualifying exigency" arising out of the fact that an employee's spouse, son, daughter, or parent is on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation (under the FMLA only, not the CFRA); or
6. Leave to care for a spouse, son, daughter, parent, or "next of kin" who is a covered service member of the U.S. Armed Forces who has a serious injury or illness: incurred in the line of duty while on active military duty; or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces. This

leave can run up to 26 weeks of unpaid leave during a single 12-month period (under the FMLA only, not the CFRA).

Family and Medical Leave Act (FMLA)/California Family Rights Act (CFRA) Eligibility

In order to qualify for unpaid leave an employee must have been:

1. Employed by the District for at least 12 months (this period need not be consecutive); and
2. Have worked at least 1,250 hours of service in the immediate 12 months immediately prior to the leave.

Amount of Leave

Eligible employees are entitled to a total of 12 workweeks (or 26 weeks to care for a covered service member) of leave during a rolling 12-month period measured backward from the date leave is taken and continuous with each additional leave day taken. Where FMLA leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first. In the case of military caregiver leave, FMLA rules govern when the leave year applies.

1. Minimum Duration of Leave

If leave is requested for the birth, adoption or foster care placement of a child of the employee, leave must be concluded within one year of the birth or placement of the child. In addition, the basic minimum duration of such leave is two (2) weeks. However, an employee is entitled to leave for one of these purposes (e.g., bonding with a newborn) for at least one day, but less than two weeks' duration on any two occasions.

If leave is requested to care for a child, parent, spouse or the employee him/herself with a serious health condition, there is no minimum amount of leave that must be taken. However, the leave must comply with the notice and medical certification provisions of this policy.

Spouses Both Employed By the District

In any case in which both parents of a child, adoptee, or foster child are employed by the District and are entitled to leave, the aggregate number of workweeks of leave to which both may be entitled may be limited to 12 workweeks during any 12-month period if leave is taken for the birth or placement for adoption or foster care of the employees' child (i.e., bonding leave).

In any case in which both spouses employed by the District are entitled to leave, the aggregate number of workweeks of leave to which both may be entitled may be limited to 26 workweeks during any 12-month period if leave is taken to care for a covered service member. This limitation does not apply to any other type of leave under this policy.

Benefits While on Leave

1. Group Health Insurance Benefits During Unpaid Leave

The leave under this policy is unpaid. While on unpaid leave, employees will continue to be covered by the District's group health insurance for up to 12 weeks each leave year to the same extent that coverage is provided while the employee is on the job. If the employee is disabled by pregnancy, coverage will continue up to four months each leave year. If an

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

employee disabled by pregnancy also uses leave under the CFRA for baby-bonding, the District will maintain her coverage while she is disabled by pregnancy (up to four months or 17 1/3 weeks) and during her CFRA leave (up to 12 weeks).

Employees may make the appropriate contributions for continued coverage under the health benefits plans by payroll deductions (if the employee is using their paid leave) or direct payments (if the employee is not using their paid leave). The District will inform the employee whether the direct payments for premiums should be paid to the carrier or to the District, and the deadlines for paying premiums in order to prevent coverage from being dropped. Employee contribution rates are subject to any changes in rates that occur while employee is on leave.

If an employee fails to return to work after his/her leave entitlement has been exhausted or expires, the District shall have the right to recover its share of health plan premiums for the entire leave period, unless the employee does not return because of the continuation, recurrence, or onset of a serious health condition of the employee or his/her family member which would entitle the employee to leave, or because of circumstances beyond the employee's control. The District shall have the right to recover premiums through deduction from any sums due the District (e.g. unpaid wages, sick leave, vacation, etc.) up to the maximum permitted by law.

2. Leave Accruals

Sick leave and vacation will not accrue during any unpaid leave under this policy.

Holiday pay will not be paid during any unpaid leave under this policy.

Substitution of Paid Accrued Leaves

While on leave under this policy, as set forth herein, an employee may elect to concurrently use paid accrued leaves. Similarly, the District may require an employee to concurrently use paid accrued leaves after requesting FMLA and/or CFRA leave, and may also require an employee to use family and medical care leave concurrently with a non-FMLA/CFRA leave which is FMLA/CFRA-qualifying.

1. Employee's Right To Use Paid Accrued Leaves Concurrently With Family Leave

Where an employee has earned or accrued sick leave or vacation, that paid leave may be substituted for all or part of any (otherwise) unpaid leave under this policy.

2. District's Right To Require An Employee To Use Paid Leave When Using FMLA/CFRA Leave

Employees must exhaust their accrued leaves concurrently with FMLA/CFRA leave to the same extent that employees have the right to use their accrued leaves concurrently with FMLA/CFRA leave, with the following exception:

Employees will only be required to use extended sick leave concurrently with FMLA/CFRA leave if the leave is for the employee's own serious health condition.

3. District's Right To Require An Employee To Exhaust FMLA/CFRA Leave Concurrently With Other Leaves

If an employee takes a leave of absence for any reason which is FMLA/CFRA qualifying, the

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

District will designate that non-FMLA/CFRA leave as running concurrently with the employee's 12-week FMLA/CFRA leave entitlement, including Worker's Compensation leave.

FMLA leave will run concurrently with any leave under the CFRA, except when the employee takes FMLA for pregnancy and related medical conditions.

4. District's and Employee's Rights If An Employee Requests Accrued Leave Without Mentioning Either the FMLA or CFRA

If an employee requests to utilize accrued sick leave or other accrued paid leave without reference to a FMLA/CFRA-qualifying purpose, the District may not ask the employee if the leave is for a FMLA/CFRA-qualifying purpose. However, if the District denies the employee's request and the employee provides information that the requested time off is for a FMLA/CFRA-qualifying purpose, the District may inquire further into the reason for the absence. If the reason is FMLA/CFRA-qualifying, the District may require the employee to exhaust accrued leave as described above.

Medical Certification Requirement

Employees requesting leave for their own serious health condition will be required to provide written certification from the health care provider that contains all of the following: the date, if known, on which the serious health condition commenced; the probable duration of the condition; and a statement that, due to the serious health condition, the employee is unable to work at all or is unable to perform any one or more of the essential functions of their position. An employee, on leave for their own serious health condition, will be required to provide certification from their health care provider that the employee is able to return to work and perform all of the essential functions of the job to which the employee is returning.

Employees who request leave to care for a child, parent, domestic partner or a spouse who has serious health condition must provide written certification from the health care provider of the family member requiring care that contains all of the following: the date, if known, on which the serious health condition commenced; the probable duration of the condition; an estimate of the amount of time which the health care provider believes the employee needs to care for the child, parent, domestic partner, or spouse, and a statement that the serious health condition warrants the participation of the employee to provide care during a period of treatment or supervision of the child, parent or spouse. The term "warrants the participation of the employee" includes, but is not limited to, providing psychological comfort, and arranging third party care for the covered family member, as well as directly providing, or participating in, the medical care. Upon expiration of the time period the health care provider originally estimated that the employee needed to care for a covered family member, the employer must obtain recertification if additional leave is requested.

Employees who request leave to care for a covered service member who is a child, spouse, parent, or "next of kin" of the employee must provide written certification from a health care provider regarding the injured service member's serious injury or illness.

Medical certification must be provided thirty (30) days in advance of the request for leave when possible. When this is not possible, the employee must provide the medical certification to the District within the time frame requested by the District (which must allow at least 15 calendar days after the District's request), unless it is not practicable under the particular circumstances to do so despite the employee's diligent, good faith efforts.

The employee must provide a certification for their own serious health condition that is complete and sufficient to support the request for leave. A certification is incomplete if one or more of the

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT DISTRICT EMPLOYEE POLICY MANUAL 2020

applicable entries on the certification form have not been completed. A certification is insufficient if the information on the certification form is vague, ambiguous, or not responsive. If an employee provides an incomplete or insufficient medical certification the employee will be given written notice of the deficiencies and seven days to cure, unless a longer period is necessary in light of the employee's diligent, good faith efforts to address the deficiencies. After giving the employee an opportunity to cure the deficiencies in a medical certification for the employee's own serious health condition, the District may contact the health care provider who provided the certification to clarify and/or authenticate the certification. "Authentication" means providing the health care provider with a copy of the certification form and requesting verification that the information on the form was completed or authorized by the health care provider who signed the form. "Clarification" means contacting the health care provider to understand the handwriting on the medical certification or to understand the meaning of the response. The District may not ask for additional information beyond that required on the certification form.

If the District has a good faith, objective reason to doubt the validity of a medical certification for the employee's own serious health condition, the District may, at its expense, require a second medical opinion on the health condition by the health care provider of its choice. If the second opinion is different from the first, the District may require the opinion of a third provider jointly approved by the District and the employee, but paid for by the District. The opinion of the third provider will be binding. The District must provide the employee with a copy of the second and third medical opinions, where applicable, without cost, upon the request of the employee.

The first time an employee requests leave because of a qualifying exigency, an employer may require the employee to provide a copy of the covered military member's active duty orders or other documentation issued by the military which indicates that the covered military member is on active duty or call to active duty status in support of a contingency operation, and the dates of the covered military member's active duty service. A copy of new active duty orders or similar documentation shall be provided to the employer if the need for leave because of a qualifying exigency arises out of a different active duty or call to active duty status of the same or a different covered military member. The District will verify the certification as permitted by the FMLA regulations.

Intermittent Leave

In case of a serious health condition, for either an employee's own or that of a child, spouse or parent, intermittent or reduced leave may be taken when medically necessary. "Medically necessary" means there must be a medical need for the leave and that the leave can best be accomplished through an intermittent or reduced leave schedule. Subject to the recommendation of the employee's health care provider, employees needing intermittent/reduced schedule leave for foreseeable medical treatment must coordinate with the District to schedule the leave so as not to unduly disrupt the District's operations. In such cases, the District may transfer the employee temporarily to an alternative job with equivalent pay and benefits that accommodates recurring periods of leave. The birth or placement of a child does not qualify for intermittent or reduced leave.

Employee Notice of Leave

Although the District recognizes that emergencies arise which may require employees to request immediate leave, employees are required to give as much verbal or written notice as possible of their need for leave. If leave is foreseeable, at least 30 days' notice is required. In addition, if an employee knows that he/she will need leave in the future, but does not know the exact day(s) (e.g. for the birth of a child or to take care of a newborn), the employee shall inform his/her supervisor as soon as possible that such leave will be needed.

For foreseeable leave due to a qualifying exigency, an employee must provide verbal or written notice of the need for leave as soon as practicable, regardless of how far in advance such leave is

foreseeable.

Reinstatement Upon Return From Leave

1. Right To Reinstatement

Upon expiration of leave, an employee is entitled to be reinstated to the position of employment held when the leave commenced, or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment. Employees have no greater rights to reinstatement, benefits and other conditions of employment than if the employee had been continuously employed during the FMLA/CFRA period.

If a definite date of reinstatement has been agreed upon at the beginning of the leave, the employee will be reinstated on the date agreed upon. If the reinstatement date differs from the original agreement of the employee and the District, the employee will be reinstated within two business days, where feasible, after the employee notifies the employer of his/her readiness to return.

2. Employee's Obligation To Periodically Report On Their Condition

Employees may be required to periodically report on their status and intent to return to work. This will avoid any delays to reinstatement when the employee is ready to return.

3. Fitness-for-Duty Certification

As a condition of reinstatement of an employee whose leave was due to the employee's own serious health condition, which made the employee unable to perform his/her job, the employee must obtain and present a fitness-for-duty certification from the health care provider that the employee is able to resume work. Failure to provide such certification will result in denial of reinstatement.

4. Reinstatement of Key Employees

The District may deny reinstatement to a "key" employee (i.e., an employee who is among the highest paid 10 percent of all employed by the District within 75 miles of the worksite) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the District, and the employee is notified of the District's intent to deny reinstatement on such basis at the time the employer determines that such injury would occur.

Required Forms

Employees must complete the applicable forms to receive family and medical care leave. The forms may be requested from the Financial Manager.

POLICY TITLE: Leave of Absence – Jury Duty/Subpoena

POLICY NUMBER: L-400

Jury Duty

Whenever an employee is called for jury duty the employee will be granted a leave of absence with pay in the amount of the difference between the employee's regular earnings and any amount received as jury compensation. Employees are required to provide reasonable advance notice with verification of any need for such leave, as soon as possible. Any employee who is released from jury service prior to the end of their scheduled work hours must report to work unless otherwise authorized by their supervisor.

Time spent in jury duty is not work time for purposes of calculating overtime compensation.

Subpoena

An employee who is subpoenaed to appear in court in a District-related matter regarding an event or transaction in which they participated, were a witness, or investigated in the course of their District job duties, will do so without loss of compensation. The time spent in appearances related to the employee's District job duties will be considered work time. Time spent in any other court appearances will not.

Any witness fees received by the employee shall be turned over to the District.

Exception for Employee-Initiated or Non-District Related Lawsuits

An employee subpoenaed to appear in court in a matter because of civil or administrative proceedings that they initiated (whether District related or not District-related), or due to a matter unrelated to District business, does not receive compensation for time spent related to those proceedings. POLICY TITLE: **Leave of Absence – Military Leave**

POLICY NUMBER: **L-500**

Requests for military leave shall be granted pursuant to the provisions of the Family Medical Leave Act, as discussed in Policy Number L-300, the California Military and Veterans' Code Sec. 395.01 and 395.02 and the federal Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA, 38 U.S.C. §§ 4301 – 4335).

Leave of Absence – Military Leave

POLICY TITLE: Leave of Absence – Pregnancy Disability

POLICY NUMBER: L-600

California Pregnancy Disability Leave Law

An employee who is disabled by pregnancy, childbirth, or related medical conditions, is entitled to take an unpaid pregnancy disability leave (PDL) of up to four months (one-third of a year or 17 1/3 weeks), depending upon the period of actual disability. For a full-time employee who works 40-hours per week, “four months” means 693 hours of leave entitlement, based on 40-hour per week times 17 1/3 weeks. An employee who works less than 40 hours per week will receive a pro rata or proportional amount of leave. Time off needed for prenatal care, severe morning sickness, doctor-ordered bed rest, childbirth, and recovery from childbirth are all covered by the employee’s pregnancy disability leave.

Medical Certification

Leave

To be eligible for PDL, the employee must provide the District with a doctor’s written report/excuse stating the length of disability and that the employee is unable to perform her normal job duties, with reasonable advance notice. The request for pregnancy disability leave must be supported by a written certification from the attending physician stating that: the employee is disabled from working by pregnancy, childbirth or a related medical condition; 2) the date on which the employee became disabled by pregnancy, childbirth or a related medical condition; and 3) the estimated duration or end date of the leave.

Return to Work

An employee on leave will be required to provide certification from her health care provider that the employee is able to return to work and perform all of the essential functions of the job to which the employee is returning.

State Disability Insurance

Once the District has received the doctor’s written report/excuse stating the first day of disability, there is a seven-day waiting period before State Disability Insurance (SDI) benefits begin. When an employee is on PDL she may use her accrued sick and vacation leave before receiving compensation equal to State Disability wages (current SDI pamphlet). Once the employee has passed the seven-day waiting period and has chosen to receive SDI benefits, the District will compensate the employee using the current SDI provisions for the remainder of the PDL (per/doctor’s written report/excuse). (See District State Disability Insurance and Paid Family Leave Benefits (S-300)).

Concurrent Use of Paid Leave

Pregnancy disability leave is without pay. However, if the employee elects to use paid leave concurrently with pregnancy disability leave, she must first use sick leave, if any. Once sick leave is depleted, the employee may elect to use vacation leave or any other accrued paid time off during the leave.

CFRA Bonding Leave

Once an employee is no longer disabled due to pregnancy, childbirth, or related medical condition and has given birth, the employee may then be eligible for twelve weeks provided by the California Family Rights Act (CFRA) for bonding with a newborn. CFRA baby bonding leave is an unpaid leave. (See District FMLA/CFRA Policy (L-300) regarding concurrent use of paid leave).

If the employee has unused sick or vacation hours, she may use it during this twelve-week period.

Benefits While On Leave

PDL

The District will continue to pay the employee's health and welfare benefits and the employee will continue to accrue vacation and sick leave if the four months are needed for PDL.

The District may recover premiums it paid to maintain health coverage if an employee does not return to work following pregnancy disability leave, unless the reason for the failure to return is a circumstance beyond her control or the use of the separate right to 12 weeks of bonding leave under the California Family and Medical Leave Act.

CFRA Bonding Leave

Once an employee is under the twelve weeks provided by CFRA, the District will continue to pay the employee's benefits (except retirement). If the employee does not return to work after the twelve week leave, the District is entitled to receive the payments from the employee for benefits accrued during those twelve weeks and the employee's position is no longer protected.

Employee Status During Leave

The employee retains employee status during the leave. The leave is not a break in service for purposes of longevity or seniority under any collective bargaining agreement or employee benefit plan. Benefits will be resumed upon the employee's reinstatement in the same manner and at the same levels as provided when the leave began, without any new qualification period, physical exam, or other qualifying provisions.

Reinstatement

Upon the expiration of pregnancy leave, the employee will be reinstated to her original or a comparable position, so long as it was not eliminated for a legitimate business reason during the leave.

If the employee's original position is no longer available, the employee will be assigned to a comparable, open position.

If upon return from leave an employee is unable to perform the essential functions of her job because of a physical or mental disability, the District will initiate an interactive process with the employee in order to identify a potential reasonable accommodation in accordance with these Policies.

POLICY TITLE: **Nepotism**

POLICY NUMBER: **N-100**

Policy

The District regulates the employment and placement of relatives, spouses, and domestic partners so as to avoid conflicts of interest and to promote safety, security, supervision, and morale. The District Manager has the discretion to prohibit employment of relatives in any of the following circumstances:

Definitions

2. "Spouse" means one of two persons to a marriage, or two people who are registered domestic partners, as those terms are defined by California law. (Fam. Code § 297 & 300.)
3. "Supervisory relationship" means one in which one employee exercises the right or responsibility to control, direct, reward, or discipline another by virtue of the duties and responsibilities assigned to them.

Employment of Relatives

The District will not appoint, promote or transfer a person to a position within the same department, division, or facility in which the person's relative already holds a position, if any of the following would result:

1. A direct or indirect supervisory relationship between the relatives;
2. The two employees having job duties which require performance of shared duties on the same or related work assignment;
3. Both employees having the same supervisor; or
4. A potential for creating an adverse impact on supervision, safety, security, morale or efficiency.

2. Potential conflicts of interest or hazards for married persons or those in domestic partnership which are greater than for those who are not married or in domestic partnerships.

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

District Manager retains sole discretion to determine which employee will be transferred based upon District needs for supervision, safety, security or morale. Any such transfer that results in a salary reduction is not disciplinary and is not subject to any grievance or appeal, or pre- or post-disciplinary appeal due process.

Separation: If continuing employment of both employees, who work in the same department and who later become spouses or domestic partners, cannot be accommodated in a manner the District Manager finds to be consistent with the District's interest in the promotion of supervision, safety, security, or morale, then the District Manager retains sole discretion to separate one employee from the District. Absent the resignation of one employee, the less senior employee will be separated. Any such separation is not considered to be disciplinary and is not subject to any grievance or appeal, or pre- or post-disciplinary appeal due process.

Outside Employment

POLICY TITLE: Performance Evaluation

POLICY NUMBER: P-100

Purpose

The District Manager or his/her designated representative conducts a scheduled performance review of each employee prior to a merit advancement date. The purpose of performance evaluations is to establish and clarify goals and objectives and inform employees of their job performance. The District utilizes performance evaluations to summarize the performance of the employees for the period covered as accurately and as objectively as possible. All matters of significance appearing on the evaluation will be discussed with the employee, who in turn may add their own written comments to the evaluation, which then becomes part of the employee's permanent file.

Frequency

Regular employees who have passed probation will receive a written performance review annually on or near the employee's anniversary date. Unscheduled performance evaluations of any frequency may be made at the discretion of the District Manager or his/her designated representative.

On or about the completion of six months of a probationary period, and again at any point prior to separation or the successful completion of the probationary period, the probationary employee's supervisor will prepare and sign a performance evaluation. The purpose of the probationary performance evaluation is to chart the probationer's progress toward meeting the standards of their position.

Procedure

Performance evaluations are recorded in writing on forms prescribed by the District Manager. Evaluations should be discussed privately with the employee. The employee's signature indicates the employee's acknowledgement that they are aware of the evaluation's contents and has discussed the evaluation with their supervisor. The employee's signature on the evaluation does not indicate agreement with its contents. The employee will receive a copy of the evaluation after the meeting with the supervisor(s) and a copy of the evaluation will be placed in the employee's personnel file.

The employee may comment on the evaluation in a written statement within ten calendar days of the receipt of the evaluation. If the statement is submitted within ten calendar days of the employee's receipt of the evaluation, it will be placed with the evaluation in the employee's personnel file. An employee does not have the right to appeal or submit a grievance regarding any matter relating to the content of a performance evaluation.

Record Keeping

The supervisor retains a copy of the written evaluation and gives a copy to the employee. The original will be placed in the employee's personnel file and may be reviewed by the employee upon request.

Performance Evaluation

POLICY TITLE: Personnel Records

POLICY NUMBER: P-200

The District maintains a personnel file for each employee. An employee's personnel file will contain only material that is necessary and relevant to the administration of the District's personnel program.

Personnel files are the property of the District, and access to the information they contain is restricted.

The information in the employee's personnel file is permanent and is to be held confidential to the extent permitted by law. Personnel files may not be removed from the District's premises.

Personnel files shall be retained by the District for at least three years after separation from employment.

Applicant or Employee Medical Information

All medical information about an employee or applicant shall be retained in separate medical files and is treated as confidential. Access to employee or applicant medical information shall be strictly limited to only those with a legitimate need to have such information for District business reasons, or if access is required by law, subpoena or court order. In the case of an employee with a disability, managers and supervisors may be informed regarding necessary restrictions on the work or duties of the employee and necessary accommodations.

Employee Access to Personnel File

1. Inspection

A current or former employee and/or their representative, who wishes to review his or her personnel file should make a written request to the Financial Manager. A current employee has the right to inspect their personnel file at reasonable times and at reasonable intervals, within 30 days of a written request. A former employee is entitled to inspect their personnel records one time per year.

An employee may inspect only their own personnel file and only in the presence of a District representative, at a location where the employee works and at a time other than the employee's work time, or at another agreed upon location without loss of compensation to the employee.

2. Copies

A current or former employee is entitled to receive a copy of their personnel records within 30 days after the employer receives a written request. A current or former employee who wishes to receive such a copy should contact the Financial Manager in writing. The District may charge a fee for the actual cost of copying.

Prior to making a copy of personnel records or allowing inspection, the District may redact the names of nonsupervisory employees. Under no circumstances will the District provide access or copying of the following categories of personnel file documents: records relating to the investigation of a possible criminal offense; letters of reference; ratings, reports, or records that were obtained prior to employment, prepared by identifiable examination committee members, or obtained in connection with a promotional examination.

Representative's Inspection

If the current or former employee wishes to have another person/representative inspect their personnel file, they must provide the person/representative with written authorization. The Financial Manager will notify the employee and/or representative of the date, time and place of the inspection in writing.

No Removal of Documents

No person inspecting a personnel file is permitted to add or remove any document or other item to/from the personnel file.

Supervisor Working Files

A supervisor may keep a working file on an individual employee to track work in progress, conduct, and performance related information. A supervisor's working file typically contains documents pertaining to ongoing work such as notes of conversations, assignments, status reports and milestones to support annual performance evaluations.

The supervisor's working file is a confidential file that is kept in a secure area near the employee's immediate supervisor and stored in a locked area when not in use. The contents of a working file will be discarded in a secure manner once the information is no longer necessary.

A supervisor's working file is not considered part of the official personnel file.

Changes to Employee Information

The employee shall inform District administration immediately whenever there is a change in personnel data such as address, telephone number, marital or registered domestic partner status, number of dependents, and person(s) to notify in case of an emergency. The District requires that a current home address be provided. This information is used to facilitate official written communications and may also be used in the event that employees have to be located in order to be activated as Disaster Service Workers.

POLICY TITLE: Pre-Employment Physical Examination

POLICY NUMBER: P-600

Policy

Those external applicants who apply for certain jobs where a special need for pre-employment drug and alcohol testing exists must take and pass a drug and alcohol test, at the District's expense, following a conditional offer of employment. The categories of jobs subject to pre-employment drug and alcohol testing include, but is not limited to:

1. Safety sensitive jobs that have public safety implications, such as jobs requiring operation of heavy trucks to transport hazardous material and jobs requiring a Class A driver's license; and
2. Jobs that involve direct influence over children.

All job applicants for full-time, temporary and part-time employment who have been made a conditional job offer by the District are required to submit to a post-conditional offer a physician's examination at the District's expense. The District will receive only the ultimate results of the exam or medical information that is related to the employee's job duties.

1. A final offer of employment commitment will be made only if a negative drug screen result is obtained (for those subject to pre-employment drug and alcohol screening) and a qualified physician has certified the applicant is qualified to do the type of work required by the position being applied for.
2. Applicants who refuse to cooperate in the examination and testing will not be considered further for employment.
3. Applicants who have a positive alcohol and/or drug test result will be denied employment.

Drivers covered by the U.S. Department of Transportation regulations are required to obtain and maintain a valid Medical Examiner's Certificate (ME Certificate).

Procedure

Appointments with the medical facility providing the examination and drug testing should be made at least one day prior to testing, if possible, with the applicant provided minimal advance notice (no more than one day, if practical).

When the applicant reports to the medical facility for the scheduled examination and drug testing, identification must be provided to the facility in the form of a photograph and verifiable signature (e.g., vehicle operator's license).

All test results will be kept confidential. The applicant may be told he/she failed to pass the test, but the District Manager or designee will have access to the actual results.

District employment application forms contain the following notice:

Marin/Sonoma Mosquito and Vector Control District has a policy of requiring a job-related physician's exam of persons who are under serious consideration for employment, together

with urine and blood testing of persons who are under serious consideration for employment for certain jobs where a special need for pre-employment drug and alcohol testing exists. Persons who do not receive said physician's certification of qualification to do the type of work required by the position applied for, or who test positive for the presence of illicit drugs in their body will not be considered further. If you have reason to believe that you will not pass a physician's examination or will register positive on a drug test, or if you are unwilling to consent to such a test or examination, it is recommended that you not submit an application.

Immediately prior to reporting for drug testing, job applicants will complete a Consent and Release Form to be kept on file in the District office.

Independent Medical Opinion

Where the results of a pre-employment medical examination would result in disqualification, an applicant may submit an independent medical opinion for consideration before the final determination is made.

POLICY TITLE: Probationary Employees

POLICY NUMBER: P-700

A probationary employee is one who is serving a probationary period. The probationary period shall be regarded as part of the testing process and shall be utilized for closely observing the employee's work to determine the employee's fitness for the position.

All District employees are required to serve a probationary period of 2,080 hours of actual, supervised service in the position, excluding overtime. For a part-time employee in a permanent position, the 2,080-hour requirement will be pro-rated based on the employee's FTE allocation. A probationary period shall automatically be extended for the length of any leave of absence exceeding thirty (30) consecutive days. The District reserves the right, at the sole discretion of the District Manager, to extend the duration of the probationary period when such an extension is deemed appropriate and necessary.

A probationary employee has no property right in continued employment during the initial probationary period and may be dismissed at any time during a probationary period without cause and without pre or post-disciplinary procedural due process, including any right of appeal or hearing. In case of such dismissal, the District Manager will notify the dismissed probationary employee in writing that he/she is being separated from District service and the effective date of the separation.

No probationary employee will receive a regular appointment without a written recommendation from the District Manager or designee.

An employee does not acquire regular status in the promotional position until the successful completion of the probationary period. If the employee fails to satisfactorily complete the probationary period in the promotional position, the employee will be entitled to return to the position held prior to promotion at the range and step previously held if not subject to termination for disciplinary reasons. MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020

POLICY TITLE: Protection from Wildfire Smoke

POLICY NUMBER: P-800

Pursuant to CalOSHA regulations (2 CCR section 5141.1), the District provides the following information:

1. Health Effects of Wildfire Smoke

Although there are many hazardous chemicals in wildfire smoke, the main harmful pollutant for people who are not very close to the fire is “particulate matter,” the tiny particles suspended in the air.

Particulate matter can irritate the lungs and cause persistent coughing, phlegm, wheezing, or difficulty breathing. Particulate matter can also cause more serious problems, such as reduced lung function, bronchitis, worsening of asthma, heart failure, and early death.

People over 65 and people who already have heart and lung problems are the most likely to suffer from serious health effects.

The smallest -and usually the most harmful -particulate matter is called PM2.5 because it has a diameter of 2.5 micrometers or smaller.

2. Right To Obtain Medical Treatment

The District encourages employees who show signs of injury or illness due to wildfire smoke exposure to seek medical treatment. Affected employees will not be subject to reprisal for seeking such treatment. In the event of serious injury or illness caused by wildfire smoke exposure, the employee should seek immediate assistance from emergency medical providers, or the District’s designated medical facility if emergency assistance is not required.

3. Obtaining Current Air Quality Index (AQI) for PM2.5.

Various government agencies monitor the air at locations throughout California and report the current AQI for those places. The AQI is a measurement of how polluted the air is. An AQI over 100 is unhealthy for sensitive people and an AQI over 150 is unhealthy for everyone.

Although there are AQIs for several pollutants, Title 8, section 5141.1 regarding wildfire smoke only uses the AQI for PM2.5.

The easiest way to find the current and forecasted AQI for PM2.5 is to go to www.AirNow.gov and enter the zip code of the location where you will be working. The current AQI is also available from the U.S. Forest Service at <https://tools.airfire.org/> or a local air district, which can be located at www.arb.ca.gov/capcoa/dismap.htm. Employees who do not have access to the internet can contact the District for the current AQI. The EPA website www.enviroflash.info can transmit daily and

forecasted AQIs by text or email for particular cities or zip codes.

4. Procedures for Addressing Wildfire Smoke

If employees may be exposed to wildfire smoke, the AQI applicable to the worksite will be obtained by the supervisor. If the current AQI for PM_{2.5} is 151 or more, the supervisor is required to:

- a. Check the current AQI before and periodically during each shift.
- b. Provide training to employees.
- c. Lower employee exposures.
- d. Provide respirators and encourage their use.

5. The District's Communication System

Supervisors shall alert employees when the air quality is harmful and what protective measures are available to employees.

Supervisors shall encourage employees to inform them if they notice the air quality is getting worse, or if they are suffering from any symptoms due to the air quality, without fear of reprisal.

The District shall communicate with employees regarding the AQI through two-way radio, phone, text, e-mail or in person.

6. Protecting Employees from Wildfire Smoke

The District shall take action to protect employees from PM_{2.5} when the current AQI for PM_{2.5} is 151 or greater. Examples of protective methods may include:

- a. Locating work in enclosed structures or vehicles where the air is filtered.
- b. Changing procedures such as moving workers to a place with a lower current AQI for PM_{2.5}.
- c. Reducing work time in areas with unfiltered air.
- d. Increasing rest time and frequency, and providing a rest area with filtered air.
- e. Reducing the physical intensity of the work to help lower the breathing and heart rates.

7. Use of a Respirator When Exposed to Wildfire Smoke

Respirators can be an effective way to protect employee health by reducing exposure to wildfire smoke, when they are properly selected and worn. Respirator use can be beneficial even when the AQI for PM_{2.5} is less than 151, to provide additional protection.

When the current AQI for PM_{2.5} is 151 or greater, the District shall provide employees with proper respirators for voluntary use. If the current AQI is greater than 500, respirator use is required.

A respirator should be used properly and kept clean. The following precautions shall be taken:

- a. Respirators will be certified for protection against the specific air contaminants at the workplace by the National Institute for Occupational Safety and Health of the U.S. Center for Disease Control and Prevention (NIOSH). A label or statement of certification should appear on the respirator or respirator packaging listing what the respirator is designed for (e.g., particulates).

Surgical masks or items worn over the nose and mouth such as scarves, T-shirts, and bandannas will not provide protection against wildfire smoke. An N95 filtering facepiece respirator, shown in the image below, is the minimum level of protection for wildfire smoke.

- b. Supervisors and employees shall read and follow the manufacturer's instructions on the respirator's use, maintenance, cleaning and care, along with any warnings regarding the respirator's limitations. The manufacturer's instructions for medical evaluations, fit testing, and shaving should also be followed, although doing so is not required by Title 8, section 5141.1 for voluntary use of filtering facepiece respirators.
 - c. Employees shall not wear respirators in areas where the air contains contaminants for which the respirator is not designed. A respirator designed to filter particles will not protect employees against gases or vapors, and it will not supply oxygen.
 - d. Employees should keep track of their respirator so that they do not mistakenly use someone else's respirator.
 - e. Employees who have a heart or lung problem should ask their doctor before using a respirator.
8. Proper Wear, Use and Maintenance of Respirators

To get the most protection from a respirator, there must be a tight seal around the face. A respirator will provide much less protection if facial hair interferes with the seal. Loose-fitting powered air purifying respirators may be worn by people with facial hair since they do not have seals that are affected by facial hair.

The proper way to put on a respirator depends on the type and model of the respirator.

For those who use an N95 or other filtering facepiece respirator mask that is made of filter material:

- a. Place the mask over the nose and under the chin, with one strap placed below the ears and one strap above.
- b. Pinch the metal part (if there is one) of the respirator over the top of the nose so it fits securely.

For a respirator that relies on a tight seal to the face, check how well it seals to the face by following the manufacturer's instructions for user seal checks. Adjust the respirator if air leaks between the seal and the face. The more air leaks under the seal, the less protection the user receives.

Respirator filters should be replaced if they get damaged, deformed, dirty, or difficult to breathe through. Filtering facepiece respirators are disposable respirators that cannot be cleaned or disinfected. A best practice is to replace filtering facepiece respirators at the beginning of each shift.

If you have symptoms such as difficulty breathing, dizziness, or nausea, go to an area with cleaner air, take off the respirator, and get medical help.

POLICY TITLE: Public Complaints

POLICY NUMBER: P-900

A public complaint is an allegation by a member of the public of a violation or misinterpretation of a District policy, or of a state or federal statute, causing the individual to be adversely affected. The Board of Trustees desires that public complaints be resolved in a timely, logical, and systematic manner, at the lowest possible administrative level.

Public complaints of harassment, discrimination or retaliation based on a protected class shall be handled in accordance with the District's Harassment, Discrimination and Retaliation Prevention Policy (Policy Number H-100). The procedure for resolving public complaints as defined in this policy is as follows:

1. The individual with a complaint should first discuss the situation with the District employee present or on the phone with the objective of resolving the matter informally.
2. If the employee is unable to resolve the complaint to the individual's satisfaction, the complaint may be filed with the Supervisor (or other responsible managing employee). Within a reasonable time, the District Manager (or other responsible managing employee) will contact the person filing the complaint to resolve the matter. At the option of the District Manager (or other responsible managing employee), he/she may conduct conferences and take testimony or written documentation toward resolution of the complaint. The person filing the complaint may request a written decision from the District Manager (or other responsible managing employee).
3. If the person filing the complaint is not satisfied with the disposition of the matter by the District Manager (or other responsible managing employee), a written complaint may be filed with the Board of Trustees within ten days of receiving the District Manager's (or other responsible managing employee's) written decision.
4. A Board panel, appointed by the Board of Trustees, consisting of three (3) Board of Trustee members, shall hear the appeal. The Board-appointed, three-person panel shall hold a meeting to consider the matter no later than sixty (60) days from the date of filing the appeal. In making an advisory decision, the Board panel may conduct conferences, hear testimony, as well as refer to the transcripts of previous written documentation. The panel shall issue an advisory decision to the Board within fourteen (14) calendar days following the meeting and submission of relevant documentation. The Board of Trustees may consider the matter at the next regular meeting, or call a special meeting. A Panel decision affirmed by the Board is a final decision from the Board.
5. The Board of Trustees shall send the final decision, along with a proof of service of mailing, to each of the parties and to each of the parties' representatives. Copies shall also be distributed to the District Manager.
6. Judicial review of any decision of the full Board may be had pursuant to Section 1094.5 of the California Code of Civil Procedure only if the petition for writ of mandate pursuant to such section is filed within the time limits specified in this section. Pursuant to Code of Civil Procedure 1094.6, any such petition will be filed not later than the ninetieth (90th) day following the date on which the Board of Trustees gives written notice of the final decision.

This policy in no way prohibits nor is intended to deter a member of the community or staff member from appearing before the Board to present verbally a testimony, complaint, or statement in regard to actions of the Board, District programs and services, or impending considerations of the Board.

Public Complaints

POLICY TITLE: Punctuality and Attendance

POLICY NUMBER: P-1000

Policy

District employees are expected to be punctual and regular in attendance. Punctuality is defined to be at the work area/work station fully prepared to begin job duties at the employee's scheduled start time. When an employee is tardy or has an unscheduled absence, it has a detrimental effect on District operations, because his/her workload shifts to fellow employees and the immediate supervisor, who must perform the absent employee's workload (just as that employee must assume the workload of others who are absent). Employees are expected to report to work as scheduled, on time and prepared to start work, and to remain at work for their entire work schedule, except for break and meal periods or when required to leave on authorized District business. Employees must return from meal and break periods in a timely manner, and avoid all disruptive late arrivals, early departures or other absences from scheduled hours.

An employee is required to seek advance permission from their supervisor for any foreseeable absence or deviation from regular working hours.

Employee's Duty to Notify of Absence or Late Arrival

Unless there are extenuating circumstances, if an employee will not be reporting to work or will be late, they must call their immediate supervisor at least one hour before scheduled to begin working for that day. Failure to do so will result in the day of absence being treated as an unauthorized absence. In emergency circumstances, the employee must report the absence within a reasonable time.

Employees also need to inform the supervisor of the expected duration of any absence.

An employee who has an unauthorized tardy or absence not related to a protected reason will not receive compensation for the period of absence.

Excessive Absenteeism and/or Tardiness

Excessive absenteeism or tardiness (whether excused or not) will result in discipline up to and including dismissal. Excessive absenteeism or tardiness occurs when there are more than three (3) incidents of absenteeism or tardiness (not related to a protected reason and not previously authorized) in any rolling 30-day period. Excessive tardiness or absenteeism may be grounds for discipline, up to and including termination. Abuse of, or misrepresentation of any form of accrued or unpaid leave time will be grounds for discipline, up to and including termination.

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020

POLICY TITLE: Reasonable Accommodation Policy

POLICY NUMBER: R- 100

Purpose

To emphasize the District's commitment to comply with the provisions of the Americans with Disabilities Act and the California Fair Employment and Housing Act's disability accommodation provisions.

Policy

The District provides employment-related reasonable accommodations to qualified individuals with known physical or mental disabilities within the meaning of the Americans with Disabilities Act and the California Fair Employment and Housing Act.

Procedure

Request for Accommodation

An applicant or an employee who desires a reasonable accommodation in order to perform essential job functions should make such a request in writing to the District Manager. The request must identify: a) the job-related functions the employee is unable to perform without accommodation; and 2) the desired accommodation(s).

Reasonable Documentation of Disability

Following receipt of the request, the District may require additional information, such as reasonable documentation of the existence of a disability and the need for reasonable accommodation, along with the name and credentials of the individual's health care provider.

Fitness for Duty Examination

The District may require an applicant or employee to undergo a fitness for duty examination at the District's expense to determine whether the applicant or employee can perform the essential functions of the job with or without reasonable accommodation. The District may also require that a District-approved physician conduct the examination. The District shall articulate in writing the factual basis for the exam. For applicants, the exam must be job related, consistent with business necessity and required of all entering employees in the same job classification. For current employees, the exam must be job related and consistent with business necessity.

The District will provide the health care provider with a letter requesting a fitness for duty examination and a written description of the essential functions of the job. The examination will be limited to determining whether the applicant or employee can perform the essential functions of his/her position and any work restrictions and/or functional limitations that apply to the applicant or employee. The health care provider will examine the employee and provide the District with non-confidential information regarding whether:

1. The applicant or employee has a disability within the meaning of the California Fair Employment and Housing Act;

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT DISTRICT EMPLOYEE POLICY MANUAL 2020

2. The applicant or employee is fit to perform essential job functions;
3. Workplace restrictions or functional limitations apply to the applicant or employee, and the duration of the work restrictions or functional limitations;
4. There are any reasonable accommodations that would enable the employee to perform essential job functions; and
5. The employee's continued employment poses a threat to the health and safety of them self or others.

Should the health care provider exceed the scope of the District's request and provide confidential health information, without valid consent of the applicant or employee, the District will return the report to the health care provider and request another report that includes only the non-confidential fitness for duty information that the District has requested.

Interactive Process Discussion

After receipt of reasonable documentation of disability and/or a fitness for duty report, the District will arrange for a discussion, in person or via telephone conference call, with the applicant, or the employee, and their representative(s), if any. The purpose of the discussion is to work in good faith to fully discuss all feasible potential reasonable accommodations.

Case-by-Case Determination of Availability of Accommodation(s)

The District determines, in its sole discretion, whether reasonable accommodation(s) can be made, and the type of accommodation(s) to provide. The District will not provide accommodation(s) that would impose an undue hardship upon District finances or operations, or that would endanger the health or safety of the employee or others. The District will inform the employee of its decision as to reasonable accommodation(s) in writing.

District Contribution Toward Health, Dental and Life Insurance Premiums During Unpaid Disability Leave

Employees on leaves of absence without pay, including intermittent or partial leave without pay, shall not be entitled to payment by the District of the premiums for their health, dental and life insurance, except as required by law. For employees on full unpaid leave, the entitlement to District payment of premiums shall end on the last day of the month in which the employee began the leave without pay. In the case of employees on intermittent or partial leave without pay, employees will receive a pro-rated District contribution to health, dental, and life insurance premiums during the period of intermittent or partial leave without pay. An employee on an unpaid leave of absence shall not accrue any seniority with the District for the length of the unpaid leave.

POLICY TITLE: Recruitment and Selection

POLICY NUMBER: R-200

Policy

Consistent with the best interest and needs of the District, the District Manager has the authority and obligation to fill all employee positions in the District with the best qualified applicants. The Board of Trustees reserves the sole and exclusive right to select and hire District Managers.

Hiring Procedures

The District Manager or designee will conduct initial screening of all applicants to ensure that candidates meet minimum qualifications.

The District Manager or designee may reject an application, if the applicant:

1. Has made false statements of any material fact, or practiced any deception or fraud on the application or declarations.
2. Is found to lack any of the requirements, certifications, or qualifications for the position involved.
3. Is physically or mentally unable to perform the essential functions of the job, with or without reasonable accommodation, if disabled.
4. Is a current user of illegal drugs.
5. Is a relative of an employee, and is subject to the District's Nepotism Policy Number N-100.
6. Used or attempted to use political pressure or bribery to secure an advantage in the process.
7. Directly or indirectly obtained information regarding examinations.
8. Failed to submit the employment application correctly or within the prescribed time limits.
9. Has had their privilege to operate a motor vehicle in the State of California suspended or revoked, if driving is job related.
10. For any material cause which in the judgment of the District Manager or designee would render the applicant unsuitable for the position, including a prior resignation from the District, termination from the District, or a significant disciplinary action.

Depending on the number of applications received for a particular recruitment, the District Manager or designee may rank applications in order of qualification levels. The District may choose to call only the most qualified applicants for interviews as opposed to all applicants who meet minimum qualifications.

After completing an examination process determined by the District Manager or designee, conditional offer(s) of employment shall be made to qualified candidates based on the applicant's qualifications, experience, references, evaluations by interviewers and other relevant information, including information obtained from the employee's resume and other submitted documents.

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

Offers of employment may be made by the District Manager or Assistant Manager only.

Criminal Conviction Check

After the District makes a conditional offer of employment, the District Manager or Assistant Manager may then request information about criminal convictions, except for misdemeanor marijuana-related convictions that are over two years old, or convictions that have been judicially sealed, eradicated, or expunged.

Unless required by law, the District will not deny employment to any applicant solely because they have been convicted of a crime. The District may, however, consider the nature, date and circumstances of the offense, evidence of rehabilitation, as well as whether the offense is relevant to the duties of the position.

The following procedure shall not apply to a position for which a state or local agency is otherwise required by law to conduct a conviction history background check, or to a position where an employer or agent thereof is required by any state, federal, or local law to conduct criminal background checks for employment purposes or to restrict employment based on criminal history

1. If the District intends to deny an applicant a position of employment solely or in part because of the applicant's conviction history, it shall make an individualized assessment of whether the applicant's conviction history has a direct and adverse relationship with the specific duties of the job that justify denying the applicant the position.
2. If the employer makes a preliminary decision that the applicant's conviction history disqualifies the applicant from employment, the employer shall notify the applicant of this preliminary decision in writing. The notification shall contain a notice of the disqualifying conviction or convictions that are the basis for the preliminary decision to rescind the offer, a copy of the conviction history report, if any, and an explanation of the applicant's right to respond to the notice of the employer's preliminary decision before that decision becomes final and the deadline by which to respond. The explanation shall inform the applicant that the response may include submission of evidence challenging the accuracy of the conviction history report that is the basis for rescinding the offer, evidence of rehabilitation or mitigating circumstances, or both.
3. The applicant shall have at least five business days to respond to the notice before the District makes a final decision. If, within the five business days, the applicant notifies the District in writing that the applicant disputes the accuracy of the conviction history report and is taking specific steps to obtain evidence supporting that assertion, then the applicant shall have five additional business days to respond to the notice.
4. The District shall consider information timely submitted by the applicant before making a final decision.
5. If the District makes a final decision to deny an application solely or in part because of the applicant's conviction history, the District shall notify the applicant in writing of the final denial or disqualification and the applicant's right to file a complaint with the Department of Fair Housing and Employment.

Medical Examinations

Appointment to certain positions may be made contingent upon the applicant/employee passing a drug / alcohol test, and/or a job-related medical examination. Such examination shall only be

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT

DISTRICT EMPLOYEE POLICY MANUAL 2020

required after a conditional offer of employment has been made. (See Reasonable Accommodation Policy and Pre-Employment Physical Examination Policy.)

Assignment of Duties

Specific employment classifications and/or personnel job descriptions will not modify or limit the power of the District Manager to assign duties as the need arises or to direct and control the work of employees within the scope of the District's policies. Any issues of extended performance of employee job duties significantly outside of the person's regular job classification should be brought to the attention of the District Manager or designee.

Reporting for Duty

The person accepting appointment shall report to the District Manager or designee on the date designated by the District Manager. Otherwise, the applicant shall be deemed to have declined the appointment.

Required Licenses and Certifications

All candidates for positions that may require operation of a District vehicle must have a valid California State Driver's Licenses and a driving record acceptable to the District's insurance carrier. All employees who are required to drive District vehicles will be subject to dismissal on two weeks' notice should their personal and/or District driving records become unacceptable to the District's Administration or its insurance carrier.

When certification is required, an employee will be given a reasonable opportunity to qualify. The District Manager will have the option to terminate an employee who fails a required certification examination. As of July 1, 1979, the only required certification for continued employment is a Mosquito Control Core Certificate.

POLICY TITLE: **Resignation**

POLICY NUMBER: **R-500**

Resignation

In order to leave District service in good standing, an employee must file a written notice of resignation with the District Manager or Assistant Manager at least two weeks before the effective date. The District Manager may, however, grant good standing with less notice if he/she determines the circumstances warrant. A resignation becomes final when the District Manager accepts the resignation in writing. Once a resignation has been accepted, it is final and irrevocable. A resignation can be accepted by the District Manager even if it is submitted less than two weeks prior to the planned resignation date. Resignation may not be withdrawn without District Manager's approval.

Abandonment of Position/Constructive Resignation

If an employee fails to report for work without any notification to an immediate supervisor and without prior authorization, and the absence continues for a period of three (3) consecutive scheduled workdays/ shifts, the District will consider this as abandonment of employment resulting in voluntary termination and constructive resignation from employment.

The employee will be given written notice, at their address of record, of the circumstances of the job abandonment, and an opportunity to provide an explanation for the employee's unauthorized absence. An employee who promptly responds to the District's written notice, within the timeframe set forth in the written notice, can arrange for an appointment with the District Manager before final action is taken, to explain the unauthorized absence and failure of notification. An employee separated for job abandonment will be reinstated upon proof of justification for such absence, including but not limited to severe accident, severe illness, false arrest, or mental or physical impairment which prevented notification. No employee separated for job abandonment has the right to a post-separation appeal.

POLICY TITLE: Sick Leave

POLICY NUMBER: S-100

Sick Leave Defined

Sick leave is paid leave from duty that can be used for the following purposes:

1. Diagnosis, care, or treatment of an existing health condition of, or preventative care for, an employee or any of the following of the employee's family members: child of any age or dependency status; parent; parent-in-law; spouse; registered domestic partner; grandparent; grandchildren; or sibling; or
2. For an employee who is a victim of domestic violence, sexual assault, or stalking to:
 - a. obtain or attempt to obtain a temporary restraining order or other court assistance to help ensure the health safety or welfare of the employee or their child; or
 - b. obtain medical attention or psychological counseling; services from a shelter; program or crisis center; or participate in safety planning or other actions to increase safety.

Protected Sick Leave:

1. For employees who are not seasonal/temporary, one-half of the employee's accrued and available annual sick leave is protected and may be used for any of the purposes stated in this Policy.
2. For seasonal/temporary employees, up to 24 hours, or three days, whichever is greater, of accrued and available sick leave each year is protected and may be used for any of the purposes stated in this Policy. The year is measured beginning on July 1st, or the employee's anniversary of hire date, whichever is later.

Usage

An employee may use accrued sick leave, in a minimum increment of one-half (1/2) hour, beginning on the 90th day after the first day of employment with the District, subject to the limits and request provisions in this Policy.

To request to use sick leave if the need for leave is foreseeable, an employee must give the immediate supervisor reasonable advance written or oral notice. If the need for sick leave is not foreseeable, the employee shall provide written or oral notice of the need for the leave as soon as practicable. If the employee is required to be absent on sick leave for more than one day, the employee must keep the immediate supervisor informed each day as to the date the employee expects to return to work and the purpose of the leave.

Failure to request sick leave as required by this Policy without good reason, may result in the employee being treated as absent without leave.

In the event that an employee or a member of the employee's immediate family recovers from any such sickness after being granted sick leave, and during the regularly scheduled hours of work,

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

then such employee shall notify the appropriate immediate supervisor and be available to return for duty.

Exempt employees are required to use their sick leave when they are absent from work due to a qualifying reason for partial or full days.

Certification

The District may require that employees who are not seasonal or temporary provide a physician's certification to support any absence that involves the illness of the employee or family member if the District suspects that there is an abuse of sick leave by the employee.

All employees, including seasonal and temporary, who use paid leave to address issues related to domestic violence, sexual assault or stalking, and who cannot provide advance notice of their need for leave must provide certification of the need for leave within a reasonable time thereafter.

The District may require a physician's certification for the employee's illness or the illness of an immediate family member if the employee is absent for more than three (3) consecutive work days. The certification must provide the employee's intended date of return to work

Accrual

Full time employees who are not seasonal/temporary accrue eight hours of sick leave for each calendar month of paid status.

Part-time employees who are not seasonal/temporary accrue sick leave in an amount prorated to the lower number of hours they work each calendar month in paid status, which shall be a minimum of one hour of paid sick leave for every 30 hours worked.

Accrued sick leave carries over from year to year. No accrual limit applies.

Seasonal and temporary employees accrue sick leave in accordance with Board policy 5030.

Employees granted an approved leave with pay shall accrue sick leave as provided in these policies.

Sick Leave on Separation from Employment

Unless otherwise provided by a labor agreement, unused sick leave is not cashed out upon termination, resignation, retirement, or other separation from employment. Sick leave will not be accrued by an employee absent from duty after separation from District service, or during any leave of absence from duty not authorized by the District.

Sick Leave Reinstatement

If an employee separates and is rehired within one year from separation, accrued and unused sick leave, to a maximum of 6 days or 48 hours, whichever is greater, will be reinstated. An employee who worked at least 90 days in the initial employment with the District may immediately use reinstated sick leave. An employee who had not worked 90 days in the initial employment with the District must work the remaining amount of the 90 day-qualifying period to be able to use accrued sick leave.

Evaluation Of Sick Leave Usage

**MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020**

An employee is subject to disciplinary action for excessive use of sick leave and/or abuse of sick leave. Protected sick leave as defined above, and other protected leaves, will not count toward a charge of excessive use of sick leave.

Abuse of sick leave is a claim of entitlement to sick leave for a purpose not provided under "Definition," above.

Sick Leave

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT
DISTRICT EMPLOYEE POLICY MANUAL 2020

POLICY TITLE: State Disability Insurance and Paid Family Leave

POLICY NUMBER: S-300

Purpose

California's Employment Development Department (EDD) administers the State Disability Insurance (SDI) and Paid Family Leave (PFL) programs to provide partial wage replacement for employees temporarily unable to work for qualifying reasons.

The purpose of this policy is to define how the SDI/PFL partial wage replacement is integrated with District paid leave benefits.

Eligibility

Employees in the General and Management/Confidential Units are eligible for SDI/PFL wage replacement benefits in accordance with the terms and conditions of the SDI/PFL Program.

1. Employees who experience a loss of wages when they are unable to work due to a non-work-related illness, injury, or pregnancy, may be eligible for Disability Insurance (DI) benefits.
2. Employees who experience a loss of wages when they need to take time off work to care for a seriously ill child, parent, parent-in-law, grandparent, grandchild, sibling, spouse, registered domestic partner, or to bond with a new child entering the family through birth, adoption, or foster care placement, may be eligible for Paid Family Leave (PFL) benefits.

Employees fund SDI/PFL benefits through employee payroll deductions. The District does not fund SDI/PFL. Benefit amounts are determined solely by the EDD.

Filing a Claim

It is the employee's responsibility to file a claim for SDI/PFL benefits. The District is not involved in the application or benefit payment process.

Upon request from the EDD, the District will verify employment, pay rate, dates of absence due to a qualifying event, and integration of paid leave (if applicable).

The employee is responsible for notifying the District of claim approval and benefit amounts.

Integration

The SDI/PFL program allows for integration of SDI/PFL benefits with accrued, unused paid leave. Integration has the effect of ensuring the employee will receive his/her normal salary or wages during the period of SDI/PFL wage replacement benefits. The following terms apply:

1. District payroll personnel will integrate payment of paid leave for the remaining base salary only if sick leave, vacation leave, and/or compensatory time off (CTO) is available to draw from when the absence begins. The employee is required to integrate enough paid leave per pay period to amount

MARIN/SONOMA MOSQUITO AND VECTOR CONTROL DISTRICT DISTRICT EMPLOYEE POLICY MANUAL 2020

to the employee's base salary in conjunction with SDI/PFL benefits, except (1) in the pay period in which leave is exhausted, and (2) in the pay period in which the employee elects to discontinue integration as specified below.

2. Integration of paid leave benefits with SDI/PFL benefits is to be automatic, except where the employee is concurrently on designated Family Medical Leave. If an employee is concurrently on designated Family Medical Leave (FMLA/CFRA), the employee may *elect* to integrate paid leave with SDI/PFL benefits. In addition, an employee may elect to discontinue integration in order to retain up to forty hours of accrued, unused vacation and/or up to forty hours of accrued, unused sick leave.
3. The total, combined compensation from integrated SDI/PFL benefits and accrued paid leaves shall not exceed the employee's base salary at the time of disability/PFL.
4. In order to receive integrated paid leave, the employee shall provide a copy of their SDI/PFL statement showing the amount of benefits and period of time for which the employee received SDI/PFL benefits. The District will utilize the employee's SDI/PFL statement as the basis for integration of paid leave. The District shall subtract SDI/PFL benefits paid to the employee by EDD from the employee's gross wages in a pay period, and then divide the remainder by the employee's current District hourly rate, totaling the number of leave hours to be deducted from the employee's leave bank.

Type and Order Of Leave

Integration will occur first with accrued, unused sick leave (where use is required according to District policy), and then with accrued, unused vacation and compensatory time off (CTO). An employee who exhausts sick leave, vacation and CTO will receive no monetary compensation from the District for the remaining period of SDI/PFL wage replacement.

An employee is required to use up to one week of accrued, unused vacation time before, and as a condition of, the employee's initial receipt of PFL benefits during any 12-month period.

The District's contribution to group health insurance benefits will continue during FMLA/CFRA/Pregnancy Disability Leave (PDL) qualifying leaves in accordance with District policy. After FMLA/CFRA/PDL leave is exhausted, the District's contribution to group health insurance benefits will continue during SDI/PFL only for the period that the employee integrates paid leave.

Catastrophic Leave may be used in conjunction with SDI/PFL benefits upon exhaustion of FMLA/CFRA/PDL qualifying leaves. This sentence supersedes provisions to the contrary in Section 15.4.2 of the District's Memoranda of Understanding with the General and Management Confidential Units.

Overpayments

Overpayments during integration can frequently occur. The employee is fully responsible for repayment of overpayments. If the employee is overpaid by the District, the employee shall be required to repay the District for the overpayment within three pay periods, or unless otherwise agreed by the parties. The employee is solely responsible for repaying overpayments from the EDD.

POLICY TITLE: Timekeeping Requirements and Time Cards

POLICY NUMBER: T-100

Timekeeping

Every employee (with the exception of the District Manager) is required to record his/her own time on the **Time Card Data Entry Form** in the District's database system. Employees must record the time at the start and at the end of each work period, including before and after the lunch break. Employees also must record the time whenever they leave the building for any reason other than District business. The supervisor must validate/approve all timecards.

Entering another employee's time card information, allowing another employee to enter your time card, or altering a time card violates District policy and may be subject to discipline up to and including employment termination.

Time Cards

Time cards are legal documents used to record the hours an employee worked, for purposes of accountability, salary eligibility, use of public funds, and tracking pesticide usage.

As legal documents, time cards must accurately and completely reflect an employee's workday.

The District requires that employees fill out time cards, consistent with respective FLSA exempt or non-exempt status practices, on a continuous basis, as work is completed throughout the workday, and including all overtime worked by overtime-eligible employees. At the end of the day, employees should record vehicle and equipment preparation for the next workday.

Accuracy is of the utmost importance. Inaccurate record keeping will result in poor work evaluations and, if not improved, discipline up to and including suspension without pay and/or dismissal.

Time cards are subject to review by other District staff including supervisors and higher, as well as County Agricultural Inspectors, agents of the State Department of Health Services, the Department of Pesticide Regulation and the California Highway Patrol.

Time cards must be turned in at the end of the workday for which they are filled out. Any problems inputting time card records should be reported immediately to a supervisor.
