#### **FOR IMMEDIATE RELEASE**

### **Adult Mosquito Control to be conducted on Thursday night in Marin & Sonoma Counties**

(Cotati), California, October 3, 2006 due to two (2) positive mosquito pools (one in San Rafael, Marin County and one in Sebastopol, Sonoma County) the Marin/Sonoma Mosquito & Vector Control District will be conducting adult mosquito control.

#### **WHEN:**

Thursday, October 5. Adult mosquito control will take place between the hours of 8:00 p.m. and 10:00 p.m. weather permitting.

#### **LOCATIONS TO BE ADULTICIDED:**

- 1) In the riparian area along the Laguna de Santa Rosa bordering Morris Street in Sebastopol
- 2) The edges of the pond located at the corner of Smith Ranch Road and Deer Valley Road in San Rafael

#### **METHODS/PRODUCT:**

Hand foggers and ATV-mounted ultra low volume equipment using Pyrocide® (pyrethrins) applied at a rate of .82 oz/acre.

All products used by the Marin/Sonoma Mosquito & Vector Control District are applied by trained field personnel and approved by the Environmental Protection Agency for the use of controlling mosquitoes and protecting public health.

For more information regarding West Nile Virus as well as maps of the areas to be treated visit the District's website at [msosquito.com](http://msosquito.com).
